Fighting Nears Lahore

## *Tank Victories Claimed In India, Pakistan Battle*

NEW DELHI, India, (AP) — India claimed today its tanks scored a victory over Pakistani forces in a major battle near the West Pakistani city of Lahore. Pakistan said it repelled the attack, inflicting heavy losses on Indian armor.

Pakistan also claimed it turned back an Indian armored attack near Sialkot.

A Pakistani spokesman said 45 Indian tanks were destroyed in the Sialkot fighting while Pakistani losses "have been substantially less."

Sialkot is just over the border from Indian Kashmir and Lahore, a city of 1.5 million, is 20 miles inside West Pakistan.

Reports from Lahore said fighting raged 10 miles away and artillery fire could be heard inside the city.

Almost 700 American women and children were awaiting permission to leave Lahore. The Pakistani government has clamped restrictions on entering and leaving the city but American officials were pressing for permission to start evacuation today or later in the week.

The Indian radio said reports from the front indicate the Lahore battle compares in intensity with tank clashes fought in the North African desert by German and Allied armies in World War II.

Since Sept. 1, Indian forces have "immobilized" 246 Pakistani tanks, destroying or damaging 212 and capturing 34, the broadcast said.

It was estimated that Pakistan had 400 combat-ready tanks at the beginning of the conflict.

There was no independent confirmation of the Indian claims. However, diplomatic sources in New Delhi said it appeared Pakistani forces had been hard hit.

India claimed Pakistani planes raided the Sikh holy city of Amritsar in Punjab State and the city of Johcdpur in Rajasthan State late Sunday.

## Planes Push Bomb Strikes In Viet Delta

### Raiders Seek Red Guerrillas Believed Trapped In Mekong

SAIGON, South Viet Nam (AP) — U.S. war planes kept up round- the-clock bombings today of a Mekong Delta area where a Viet Cong regiment is believed encamped, a U.S. military spokesman said.

The planes were trying to hit canals which can be used as escape routes by the guerrillas in the region 50 miles west of Soc Trang.

U.S. officials said they believed the guerrillas were trapped by the bombings. Ground troops were not committed to the action because of heavy rains and the large size of the Viet Cong force. A communist regiment usually numbers 2,000 men.

The main part of the U.S. Army 1st Cavalary (air mobile) Division began landing at Qui Nhon today. Advance groups were already ashore.

The arrival of the 20,000 "Flying Horsemen" pushed U.S. troop strength in Viet Nam somewhat beyond 125,000. The exact figure was not disclosed.

As the troops came ashore from the ships Buckner and Darby, they were taken by helicopters to their secret base areas. The Buckner brought 2,180 men and the Darby 2,705.

The division, trained especially for guerrilla warfare, was expected to be deployed to South Viet Nam's central highlands. The unit's home base is Ft. Benning, Ga. Qui Nhon is 260 miles northeast of Saigon.

In air action Sunday, B52 bombers of the Strategic Air Command carried out their 22nd announced strike of the war, hitting the Ho Bo woods 20 miles north of Saigon. The planes flew in from Guam.

Twenty-three U.S Air Force F105 Thunderchiefs blasted the Yen Khoai military barracks 35 miles northwest of Hanoi for the third straight day Sunday. A U.S. military spokesman reported the planes knocked out an antiaircraft site and destroyed 23 buildings, damaging 16 others.

### Missing Safe Found, But Money's Missing

NEW CUMBERLAND — A safe stolen from the A & S Clover Farm Store sometime late Thursday night was found about 11 a. m. Sunday in an abandoned house on old Route 66 by Earl McKnight of R.D. 1.

Police Chief William Webster said the safe still contained $25,000 in customer credit accounts and two checks worth approximately $100, but $4,300 in cash was missing.

The thieves gained entry by using a hacksaw to cut through the bars on a rear window, then apparently wheeled the safe out on a dolly. West Virginia state police, along with Constable Donald Dunlevy and Hancock County deputies, are aiding in the investigation.

### Sandburg Improves In Carolina Hospital

HENDERSONVILLE, N.C. (AP)—Carl Sandburg spent a restful night and continued to show improvement today at the hospital where he has been confined since Friday with an abdominal disorder.

The poet and Lincoln biographer, 87, is being treated for diverticulitis— an inflammation of pockets which form in the walls of the intestines.

5 Suffer Injury

## *3 Charges Filed After Car Crash*

Police filed three charges against a 51-year-old East Liverpool man as the aftermath of a three-way West End traffic mishap Saturday night in which five persons suffered injuries.

Floyd McWilliams, 1879 Montgomery Ave., was charged with driving while under the influence of alcohol, operating an auto without a driver's license and illegal registration.

Police said his 1954 model auto was involved in a collision with a 1956 sedan driven by Juanita Coakland, 28, of the Westfield Rd. and a 1962 sedan operated by Eunice M. VanDyne, 51, of 10th Ave., LaCroft.

The injured included McWilliams and two passengers in his car, Raymond McWilliams, 38, of McDonald Heights, Wellsville, and Elsworth Peterson, 33, of Peterson Rd., Wellsville, and Michael Coakland, 8, and Joseph Charles Coakland, both passengers in the Westfield woman's car.

Raymond McWilliams was treated at City Hospital for contusions of the nose, forehead and upper chest. Floyd McWilliams was treated for abrasions of the right forehead and nose. Peterson suffered lacerations of the forehead and abrasions of the lower left leg.

Michael and Joseph Coakland were treated for mouth injuries.

—:—

**THE COLLISION** was timed at 8:30 p. m. on W. 8th St. at Lisbon St.

The Westfield woman said she was driving east on W. 8th and preparing to turn west when her auto was hit by the McWilliams' car, which was westbound. McWilliams told officers he was preparing to turn south when his car was hit by the Coakland auto.

The LaCroft woman reported her car was stopped for the traffic light at the foot of Lisbon St. when McWilliams' car hit the Coakland auto, causing it to spin around and strike her auto.

There was extensive damage to the right side of the Coakland car and the front end of the McWilliams auto, while the right front fender of the VanDyne car was damaged, police said.

McWilliams drew terms totaling 40 days in the County Jail at Lisbon after pleading guilty to all three charges today when he appeared before Municipal Judge Samuel M. Chertoff.

The defendant told the court he had nothing to say when queried about the charges.

McWilliams was fined $200 and costs and sentenced to 30 days in jail for driving while under the influence, 10 days in jail and pay the court costs for driving without a permit, and was fined $25 and costs for operating the auto without license.

Two persons suffered minor injuries in a mishap Saturday at 6:42 p. m. on E. 5th St. at Walnut St., police said.

The collision involved a 1961 four-door sedan driven by Ross Leon Urie, 55, of 1712 Jennings Ave. and a 1957 station wagon operated by James Davis, 33, of Salem Heights, Salem, officers said.

World Legal Figures Meet

## Warren Warns Survival Depends On Rule Of Law

WASHINGTON (AP) — Chief Justice Earl Warren told high court justices and lawyers from 110 nations today that the quest for a world ruled by law must succeed if mankind is to survive.

"Achieving and maintaining a rule of law strong enough to regulate actions of nations and individuals in the world community is no more dreamy, impossible or impracticable than was the idea of splitting the atom, or putting a man on the moon, or sending a missile to Mars a few years ago," Warren said in an address prepared for the inaugural session of the Washington World Conference on World Peace Through Law.

"I believe we of our generation can translate the centuries-old dream of a world ruled by law from dream into reality," Warren said.

"In part, my belief is based upon the imperatives of our day which make this a necessity to save mankind from nuclear holocaust. In part, my belief is based upon the fact that there is more law and judicial institutions today, nationally and internationally, than ever before in the history of mankind."

Commenting on the quest for a world ruled by law, the chief justice of the United States spoke of "the necessity that we succeed in order to survive."

"The only provable harness for the peaceful containment of power yet developed by the mind of man is the rule of law," he told the conference. "I for one believe we can create just as mightily in the law field as our scientific brethern did in the field of science."

An unprecedented procession of more than 100 Supreme Court justices from around the world — including many chief justices — wearing their varied robes of office was to open the inaugural session. About 3,000 lawyers were expected to be on hand. Representatives from Comunist nations were invited, but none showed up in early registrations.

The "summit assembly" of the judicial officers is the major observance of World Law Day.

# 'Gas Barge' Continues Threat To Baton Rouge

## Toll Grows From Flood After 'Betsy'

### Trucks Haul Dead Into New Orleans For Identification

NEW ORLEANS (AP) — Truckloads of bodies from outlying flood areas were expected at the New Orleans coroner's office today as the sad, methodical process of gathering the dead from Hurricane Betsy continued.

The Times-Picayune, quoting a coroner's office spokesman, said 250 bodies were expected from the parishes of Plaquemines and St. Bernard, which stretch along the Mississippi River south of New Orleans.

"All I know is that we are expecting a hell of a lot of bodies," a weary official said when asked about the report.

The coroner's office already had more than 50 bodies, many unidentified. Most drowned in floods in suburban areas on the southern side of the city. Scores were "missing."

The Red Cross said it has 25,000 evacuees in two big shelters and expected many of them to remain a week or two.

A new emergency arose at Baton Rouge, 85 miles up the Mississippi River, where a barge loaded with chlorine was sunk in the river, posing a threat of poisonous gas should the barge be punctured.

The damage toll left by Hurricane Betsy's winds — 150 m.p.h. near the coast, 125 m.p.h. in New Orleans and 94 m.p.h. at Baton Rouge — remained a matter of guesswork with estimates at about a billion dollars.

Water was receding throughout the flood area, both in New Orleans and to the south.

However, the fall was slow at New Orleans, where low-lying areas normally protected by levees and an elaborate pumping system held flood water like a bowl. Officials wouldn't estimate how long it will take.

## Divers Hunt For Sunken River Cargo

### Mayor Alerts City For Possible Quick Evacuation Moves

BATON ROUGE, La. (AP) — A Navy destroyer, Navy divers and Army engineers searched today for a sunken barge loaded with chlorine — a threat to thousands of lives.

Mayor-President W. W. Dumas asked the 160,000 residents of this capital city to stay tuned to their radios for a possible evacuation order.

Army engineers said their search had located a sunken object near the new Mississippi River bridge under construction here, 500 feet out from the bank, 26 feet below the surface.

After the discovery Sunday further operations were delayed by darkness.

A 40-mile stretch of the Mississippi at this busy port was closed to shipping. Dumas said 100,000 gas masks were being stockpiled.

"We don't anticipate that anything will happen but we want to be ready," he said Sunday night.

The barge, loaded with 600 tons of chlorine, was ripped from its moorings when Hurricane Betsy passed over Baton Rouge, 85 miles upriver from New Orleans.

President Johnson ordered the full resources of the federal government into the search.

The destroyer Hyman moved upstream from New Orleans during the night with sunken vessels and debris making navigation a delicate business for the skipper, Cmdr. B. E. Terry, and the river pilots.

The Hyman was ordered in primarily because it is equipped with sonar detection gear for locating underwater objects. Diving experts were flown in from Washington.

Chlorine is shipped under pressure, which keeps it in liquid form. Accidental puncture of its container releases a misty gas, capable of killing any living thing in its path. It was used as a poisonous gas in World War I.

Though highly poisonous in its basic form, chlorine is one of the most useful industrial chemicals and is used in the manufacture of many plastics, explosives and dyes.

## Pay Hike Set By Ohio Bell In New Pact

### Beirne Says Action Forms Pattern For Other Agreements

CLEVELAND, Ohio (AP)—An Ohio Bell Telephone Co. wage and fringe benefit agreement providing improvements valued at 14 cents an hour will set a nationwide bargaining pattern in the industry, according to Joseph A. Beirne, president of the Communication Workers of America.

Beirne said after agreement was announced on the new pact Sunday that it would set a standard in bargaining for nearly a million telephone industry workers.

The statement was disputed by Zane E. Barnes, Ohio Bell's personnel vice president, who stressed that the terms apply to the 16,000 Ohio Bell employes only and should "by no means be taken as an indication of what other Bell System companies might do in bargaining."

Beirne described the contract as noninflationary. Barnes said it will add more than $4.5 million to the company's annual costs.

The contract was negotiated under a wage reopening clause contained in a 38-month agreement signed in 1963. Major provisions of the new agreement include:

A general wage increase ranging from $2 to $4.50 a week.

Upgrading of 14 cities, with

## *Space Twins Assigned To Goodwill Trip*

WASHINGTON (AP) — L. Gordon Cooper Jr. and Charles Conrad Jr. are headed for another long trip — this time on earth.

President Johnson has tabbed the Gemini 5 astronauts, who last month orbited the world for a record eight days, for a goodwill mission to Greece, Turkey and Africa.

They will meet the President at the White House Tuesday, report to the National Academy of Sciences that same day and depart Wednesday for Athens, Greece, for an international aerospace conference.

Already in Athens are Russian cosmonauts Leonid Leonov, the first man to take a walk in space, and Pavel Belyayev.

After Athens, the American astronauts will visit in Turkey, Ethiopia, Kenya, Nigeria, Las Palmas and the Canary Islands.

The White House said those stops were chosen because of their proximity to Athens.

## *Steel Worries*

### Firms Concerned About Prices

CLEVELAND (AP) — Prices, not Big Steel's recent labor pact, are worrying metalworking executives of small plants, Steel Magazine said today.

Most executives interviewed by the magazine last week felt they would pay more because of the steel settlement, but would not have to come up to the national level. They also expected prices on some steel products to go up, and added if the increases were "substantial," they would have to hike the price of their products.

The signing of the 35-month contract has left both producers and users wondering about steel price hikes, Steel said.

"Producers are well aware that steel inventories are at a record high of around 28 million or 29 million tons and that importers are winning new customers—imports are running at a record rate equivalent of 10 per cent of U.S. production," the metalworking weekly said.

Users, on the other hand, know the new steel contract jacks up production costs. Steel companies figure the additional direct cost over the 35 months ranges from $10 to $16 a ton of finished steel, depending on the product mix, Steel said.

The package is estimated by the United Steelworkers of America to be worth 47.3 cents an hour. Only 16.2 cents of it is effective in the first year (and it is in wages). The second year cost is 17.6 cents an hour (for pensions); and the third year cost is 13.5 cents (8.5 cents in wages and 5.0 cents for insurance) Steel said.

"The nation's steel production rate for the next few weeks will be determined by the extent to which steel users continue buying as a hedge against price boosts," Steel added.

In Demand As Speaker

## Sen. Murphy Gains New Party Popularity Image

WASHINGTON (AP) — Sen. George Murphy, always the "good guy" in movies and on television, has become the hottest political commodity in the Republican fund-raising market.

The 63 - year - old California senator, whose silvering hair, blue eyes and ever-ready smile come over big on color television, has picked up where Barry Goldwater left off as the most-wanted speaker at $100-a-plate GOP dinners.

Murphy, who has talked in 15 states from Massachusetts to California in the little more than eight months he has been a senator, is getting an average of 60 speaking invitations a day. He has had to assign one staff member to the full-time job of saying "yes" or "no" to these.

When he was a student at Yale years ago, Murphy was dubbed by his classmates as "Coast-to-coast Murphy" because of his penchant for hopping from one coast to another during summer vacations.

"I never thought I'd really live up to that name but I seem to be doing it now," he said with a grin.

Last week he flew with Sen. James B. Pearson, R-Kan., to address a fundraising dinner at Wichita, Kan. Pearson's comment was typical of what other Republicans are saying.

"The folks who set up the dinner didn't want anybody but Murphy," Pearson said. "They knew they could sell out their tickets if they had him."

## 8 More Days To Register

To be eligible to vote in East Liverpool at the Nov. 2 general election, you must register with the County Election Board at 129 W. 6th St. if:

You haven't voted at a primary, general or special election in the last two years; you've changed your name by marrage or court action; you've changed your residence since the last election; you've become 21 since the last election or will be 21 on or before Nov. 2, the general election date.

A new resident is qualified to vote after he has resided in Ohio for a year and in Columbiana County and his precinct 40 days prior to Election Day. East Liverpool is the only community in the county where voter registration is required.

**Registration Ends Sept. 22**

## *Army Orders 620 'Copters For Buildup*

WASHINGTON (AP) — The Army plans to double the number of its helicopter companies, it was learned today.

Creation of 32 new independent chopper companies totaling 620 or so machines would represent another major expansion in Army aviation, coming after organization of the first airmobile division now arriving in South Viet Nam.

The move grows out of Secretary of Defense Robert S. McNamara's pleasure with the performance of helicopters in the Vietnamese war.

It is part of the general strengthening of U..S forces for which the Johnson administration has asked a $1.7-billion increase in the defense budget.

In congressional testimony last month, McNamara spoke of organizing "a large number of helicopter companies." He did not say how many, and the figure has been kept secret until now.

Defense sources said that 27 new companies would be equipped with the turbine-powered "Huey" which has played an important role in Viet Nam.

Production of the maneuverable, sturdy "Huey" is going up from 60 to 100 a month.

"I believe we of our generation can translate the centuries-old dream of a world ruled by law from dream into reality," Warren said.

"In part, my belief is based upon the imperatives of our day which make this a necessity to save mankind from nuclear holocaust. In part, my belief is based upon the fact that there is more law and judicial institutions today, nationally and internationally, than ever before in the history of mankind."

Commenting on the quest for a world ruled by law, the chief justice of the United States spoke of "the necessity that we succeed in order to survive."

"The only provable harness for the peaceful containment of power yet developed by the mind of man is the rule of law," he told the conference. "I for one believe we can create just as mightily in the law field as our scientific brethern did in the field of science."

An unprecedented procession of more than 100 Supreme Court justices from around the world — including many chief justices — wearing their varied robes of office was to open the inaugural session. About 3,000 lawyers were expected to be on hand. Representatives from Comunist nations were invited, but none showed up in early registrations.

The "summit assembly" of the judicial officers is the major observance of World Law Day.

### Norway Votes Today For Parliament Posts

OSLO, Norway (AP) — Norway's 2.4 million eligible voters decide today the makeup of the nation's Storting (Parliament) for the next four years.

Voting started in 256 rural districts Sunday. Final count on the vote for the 150 Storting seats will be finished by Wednesday.

## *Space Twins Assigned To Goodwill Trip*

WASHINGTON (AP) — L. Gordon Cooper Jr. and Charles Conrad Jr. are headed for another long trip — this time on earth.

President Johnson has tabbed the Gemini 5 astronauts, who last month orbited the world for a record eight days, for a goodwill mission to Greece, Turkey and Africa.

They will meet the President at the White House Tuesday, report to the National Academy of Sciences that same day and depart Wednesday for Athens, Greece, for an international aerospace conference.

Already in Athens are Russian cosmonauts Leonid Leonov, the first man to take a walk in space, and Pavel Belyayev.

After Athens, the American astronauts will visit in Turkey, Ethiopia, Kenya, Nigeria, Las Palmas and the Canary Islands.

The White House said those stops were chosen because of their proximity to Athens.

## Pay Hike Set By Ohio Bell In New Pact

### Beirne Says Action Forms Pattern For Other Agreements

CLEVELAND, Ohio (AP)—An Ohio Bell Telephone Co. wage and fringe benefit agreement providing improvements valued at 14 cents an hour will set a nationwide bargaining pattern in the industry, according to Joseph A. Beirne, president of the Communication Workers of America.

Beirne said after agreement was announced on the new pact Sunday that it would set a standard in bargaining for nearly a million telephone industry workers.

The statement was disputed by Zane E. Barnes, Ohio Bell's personnel vice president, who stressed that the terms apply to the 16,000 Ohio Bell employes only and should "by no means be taken as an indication of what other Bell System companies might do in bargaining."

Beirne described the contract as noninflationary. Barnes said it will add more than $4.5 million to the company's annual costs.

The contract was negotiated under a wage reopening clause contained in a 38-month agreement signed in 1963. Major provisions of the new agreement include:

A general wage increase ranging from $2 to $4.50 a week.

## *Steel Worries*

★ ★ ★ ★ ★ ★

### Firms Concerned About Prices

CLEVELAND (AP) — Prices, not Big Steel's recent labor pact, are worrying metalworking executives of small plants, Steel Magazine said today.

Most executives interviewed by the magazine last week felt they would pay more because of the steel settlement, but would not have to come up to the national level. They also expected prices on some steel products to go up, and added if the increases were "substantial," they would have to hike the price of their products.

The signing of the 35-month contract has left both producers and users wondering about steel price hikes, Steel said.

"Producers are well aware that steel inventories are at a record high of around 28 million or 29 million tons and that importers are winning new customers—imports are running at a record rate equivalent of 10 per cent of U.S. production," the metalworking weekly said.

Users, on the other hand, know the new steel contract jacks up production costs. Steel companies figure the additional direct cost over the 35 months ranges from $10 to $16 a ton of finished steel, depending on the product mix, Steel said.

The package is estimated by the United Steelworkers of America to be worth 47.3 cents an hour. Only 16.2 cents of it is effective in the first year (and it is in wages). The second year cost is 17.6 cents an hour (for pensions); and the third year cost is 13.5 cents (8.5 cents in wages and 5.0 cents for insurance) Steel said.

"The nation's steel production rate for the next few weeks will be determined by the extent to which steel users continue buying as a hedge against price boosts," Steel added.

In Demand As Speaker

## Sen. Murphy Gains New Party Popularity Image

WASHINGTON (AP) — Sen. George Murphy, always the "good guy" in movies and on television, has become the hottest political commodity in the Republican fund-raising market.

The 63 - year - old California senator, whose silvering hair, blue eyes and ever-ready smile come over big on color television, has picked up where Barry Goldwater left off as the most-wanted speaker at $100-a-plate GOP dinners.

Murphy, who has talked in 15 states from Massachusetts to California in the little more than eight months he has been a senator, is getting an average of 60 speaking invitations a day. He has had to assign one staff member to the full-time job of saying "yes" or "no" to these.

When he was a student at Yale years ago, Murphy was dubbed by his classmates as "Coast-to-coast Murphy" because of his penchant for hopping from one coast to another during summer vacations.

"I never thought I'd really live up to that name but I seem to be doing it now," he said with a grin.

Last week he flew with Sen. James B. Pearson, R-Kan., to address a fundraising dinner at Wichita, Kan. Pearson's comment was typical of what other Republicans are saying.

"The folks who set up the dinner didn't want anybody but Murphy," Pearson said. "They knew they could sell out their tickets if they had him."

## *Army Orders 620 'Copters For Buildup*

WASHINGTON (AP) — The Army plans to double the number of its helicopter companies, it was learned today.

Creation of 32 new independent chopper companies totaling 620 or so machines would represent another major expansion in Army aviation, coming after organization of the first airmobile division now arriving in South Viet Nam.

The move grows out of Secretary of Defense Robert S. McNamara's pleasure with the performance of helicopters in the Vietnamese war.

It is part of the general strengthening of U..S forces for which the Johnson administration has asked a $1.7-billion increase in the defense budget.

In congressional testimony last month, McNamara spoke of organizing "a large number of helicopter companies." He did not say how many, and the figure has been kept secret until now.

Defense sources said that 27 new companies would be equipped with the turbine-powered "Huey" which has played an important role in Viet Nam.

Production of the maneuverable, sturdy "Huey" is going up from 60 to 100 a month.

## Midland Blast Blamed On Gasoline's Fumes

Gasoline fumes were blamed for a minor explosion that damaged clothing and other property Saturday at the home of Paul Lavida, 437 Ohio Ave., Midland.

Midland police and fire departments answered a call to the home at 2:50 p. m. Several small areas of fire were extinguished in the cellar.

Peoples Natural Gas Co. employes, called to investigate, said they discovered solutions of 100 per cent gasoline in the sewer under the basement. The gasoline fumes backed up into the cellar and were ignited by the boiler flame.

Midland police and fire officials warned residents against dumping gasoline and other inflammable solutions into sewers.

## Catholic Seek Funds For Cleveland Project

CLEVELAND (AP)—A drive will start next Sunday in the 232 parishes of the Cleveland Roman Catholic Diocese to raise $20 million for expansion and construction of high schools.

In a letter read at all churches Sunday, Coadjutor Bishop Clarence G. Issenmann said committees of priests and laymen have been organized to carry out "this greatest single effort in the history of our people."

## AEC Aide Silent On Ravenna Site

WASHINGTON (AP) — An Atomic Energy Commission official declined to say Sunday whether Ravenna Arsenal in Ohio is among the 30 prospective sites still in the running for a proposed $300 million atom smasher.

The spokesman said, however, that no visit to the arsenal, being backed by Ohio's state administration, has been scheduled by scientists considering the various sites.

He said that a National Academy of Sciences inspection team visited Chicago and Madison, Wis., last week, and expects to make an inspection in late September of a Colorado site. Beyond these three, he added, there has been no scheduling of inspection trips by the academy team.

A second Ohio site, in Pike County, also is one of 126 from across the nation proposed for the project.

# Scouters Parade On Sept. 23 Aired At Roundtable Session

Plans for a scouters parade on Thursday, Sept. 23, in downtown East Liverpool were made at a meeting of the Cherokee District Roundtable Friday night at Longs Run United Presbyterian Church. Twenty attended.

The parade will form on Bradshaw Ave. at 6 p. m. and move out at 6:30. The line of march will be along Walnut St. to E. 5th St., west on 5th St. to Jefferson St., north on Jefferson to W. 6th St. and then east on 6th St. to Bradshaw Ave.

Members of the commissioners' staff will be along the route to judge units and floats. Scouting and cubbing units from Pennsylvania or other districts wishing to participate may contact William Rayburn, camping and activities chairman, at FU 5-9192 or call the council office at Lisbon collect. The number is HA-4-3316.

Musical marching units are needed to help make the parade a success, the scouters said. Musical units may contact Joseph D. Coons at WOHI or the council office in Lisbon.

Plans also were discussed for a "Come See Us Day" for scout and cub units on Sept. 25.

Bennett Taylor stressed the importance of units maintaining or increasing membership in the coming year. He said problems arising in the unit level may be solved by contacting one of the commissioners. The district is without an executive at present, so Taylor will attempt to attend all roundtable meetings to help with unit problems. If the need arises for a conference, the council office should be notified, he said.

Donald Lyle, scoutmaster of Troop 36, conducted a scouters session on advanced methods of map orientation, map sketching, contours, use of the compass and step - measuring. Den Mothers of Pack 36 conducted a den mothers session. Halloween cats were made.

The next roundtable session will beheld Oct. 8 at 7:30 p.m. at the Trinity United Presbyterian Church. Pack and Troop 12 will be in charge.

The cub theme will be "Achievement Parade." The scouters' theme will be "Paul Bunyan." Ropework and lashings will be demonstrated.

The good turn for the month of September is "Participation in Citizenship Day."

## Historical Group To Hold Meeting

HOOKSTOWN — The Board of Directors of the Mill Creek Valley Historical Society will hold a dinner meeting Wednesday night at 6:30 at The Willows Motel at Industry.

Walter Landgraft, president of the Darlington Historical Society, will discuss the formation and growth of the Darlington unit.

Committee chairmen of the Mill Creek group include: Frank Kelsey, by-laws; Clifford Smith, historical data; Norman Littell, historic places; Kelsey, emblems and stationery, and Roy Snyder, dinner.

A nominating committee will be appointed at the next meeting. The formal organization of the society is planned in January. The charter will close Jan. 1.

## Junior Leader's Club To Pick New Officers

LISBON — The Columbiana County Junior Leader Club will elect officers at its meeting Thursday at St. George's Parish Hall.

There also will be reports from the junior leaders attending Washington, D. C., New York, and state club congresses.

Richard Duke of Salem R.D. 3, chairman, will preside.

## 3 End Navy Training

EAST PALESTINE — Three East Palestine seaman recruits have completed nine weeks of basic training at the Naval Training Center at San Diego, Calif. They are Larry E. Scott, son of Mrs. Virginia K. Scott, 128 Carbon Hill Rd., James W. Mercer, son of Mr. and Mrs. William Mercer, 603½ Bacon Ave., and William L. Bevington, son of Cary W. Bevington, 571 W. Clark St.

## Palestine Crash Hurts Youth, 19,

EAST PALESTINE — A 1962 sedan driven by Lewis J. Gorby, 19, of Negley was struck broadside by a 1960 auto driven by Waldo R. Hall, 31, of Leetonia early Sunday morning, police said.

Police said Hall's northbound car skidded 25 feet on wet pavement on Sumner St. into the intersection at Rebecca St. before striking Gorby's westbound vehicle. Gorby's car then went off the street and struck a sign.

Gorby was taken to Salem City Hospital by his parents, Mr. and Mrs. Samuel Gorby, for treatment of a cut of the left ear and arm injuries.

Hall, who was uninjured, was charged with failure to yield the right-of-way. He will appear before Mayor Robert Harding Friday night.

Gorby's car was demolished and Hall's car sustained $500 damage, police estimated. The accident was timed at 1:48 a.m.

# Backers Expect Ecumenical OK For Statement On Jews

VATICAN CITY (AP) —Supporters of the Vatican Ecumenical Council's declaration on Jews were optimistic today that the document would go through as they want it.

Reports Saturday that the 2,500 bishops of the council would be given a voting amendment on whether to keep the document's famous "deicide" reference or use other wording instead had caused a stir abroad.

The Vatican Secretariat for Christian Unity, which drafted the declaration, has been reluctant to comment on the latest development.

Reliable informants said the secretariat drew up the new amendment on whether to retain the controversial phrasing in order to be fair to a small group of opponents.

The council's fourth and final session opens Tuesday.

The so-called "Jewish schema" is actually a topic on the Roman Catholic Church's relations with non-Christian religions. A key section says the Jewish people should never be regarded as "rejected, cursed or guilty of deicide (killing God)" over Christ's Crucifixion. It says such a charge cannot be leveled against all Jews of Christ's day and even less against the Jewish people of today.

The draft was opposed by bishops from Arab states and by some conservative Western prelates who felt it went against the gospels.

## Ohio Reservist Saved

LEAMINGTON, Onct. (AP)—Hans Hartkops, 24, of Toledo, Ohio, was one of four Naval Reservists rescued from Lake Erie Sunday after their helicopter went down three miles east of Pelee Island during a training exercise.

## Officials Seek Cause Of Freight Derailment

WASHINGTON Court HOUSE, Ohio (AP)—About 15 cars of a 51-car Detroit, Toledo & Ironton freight train jumped the tracks and piled up in a field eight miles south of here Sunday night, but a car loaded with explosives and several carrying new automobiles remained upright.

No one was injured in the derailment on a curve south of the village of Good Hope.

Cause of the accident, which tore up 600 feet of track, was unknown.

## THREE BIRTHSTONES

The birthstones for those born in July, August and September include gems of special beauty and interest to gemologists. The rich, deeply glowing ruby, the July birthstone, is a "sister" gem to September's sapphire since both are the mineral corundum, second in hardness to the diamond. Peridot, one of the two August stones, is a flashing olive-green stone of great translucency and one that is found principally on the Island of St. John in the Red Sea.

In ancient lore, the ruby was endowed with the strongest powers. It was also believed to hold healing powers, and assure a lifetime of peace and good fortune Sapphire was endowed with the ability to bring success and deflect envy. From the earliest times, it was widely used for ecclesiastical rings and religious artifacts. Among the theatrical people, sapphire was considered an antidote for "stage fright."

When worn by men, the August peridot was said to ensure his generosity. Many women in medieval days gifted their husbands with peridot-set rings in accordance with this belief, but there is no record as to its effectiveness. The other gem for the August-born is the sardonyx, a rich reddish-brown opaque gem that is regarded as the jewel of deep and lasting friendship.

Should you celebrate your birthday in one of these middle-year months, you should have no trouble finding an attractive piece of jewelry set with the appropriate stone, for all of these gems have long been popular and well regarded for jewelry use.

# Scouters Parade On Sept. 23 Aired At Roundtable Session

Plans for a scouters parade on Thursday, Sept. 23, in downtown East Liverpool were made at a meeting of the Cherokee District Roundtable Friday night at Longs Run United Presbyterian Church. Twenty attended.

The parade will form on Bradshaw Ave. at 6 p. m. and move out at 6:30. The line of march will be along Walnut St. to E. 5th St., west on 5th St. to Jefferson St., north on Jefferson to W. 6th St. and then east on 6th St. to Bradshaw Ave.

Members of the commissioners' staff will be along the route to judge units and floats. Scouting and cubbing units from Pennsylvania or other districts wishing to participate may contact William Rayburn, camping and activities chairman, at FU 5-9192 or call the council office at Lisbon collect. The number is HA-4-3316.

Musical marching units are needed to help make the parade a success, the scouters said. Musical units may contact Joseph D. Coons at WOHI or the council office in Lisbon.

Plans also were discussed for a "Come See Us Day" for scout and cub units on Sept. 25.

Bennett Taylor stressed the importance of units maintaining or increasing membership in the coming year. He said problems arising in the unit level may be solved by contacting one of the commissioners. The district is without an executive at present, so Taylor will attempt to attend all roundtable meetings to help with unit problems. If the need arises for a conference, the council office should be notified, he said.

Donald Lyle, scoutmaster of Troop 36, conducted a scouters session on advanced methods of map orientation, map sketching, contours, use of the compass and step - measuring. Den Mothers of Pack 36 conducted a den mothers session. Halloween cats were made.

The next roundtable session will beheld Oct. 8 at 7:30 p.m. at the Trinity United Presbyterian Church. Pack and Troop 12 will be in charge.

The cub theme will be "Achievement Parade." The scouters' theme will be "Paul Bunyan." Ropework and lashings will be demonstrated.

The good turn for the month of September is "Participation in Citizenship Day."

## Who Causes Intervention?

A baffling question on a par with the one about the chicken and the egg is being asked in the wake of the steel settlement.

Did President Johnson butt in where he wasn't wanted when he called the deadlocked negotiators to the White House and told them to reach an agreement?

Or did the deadlocked negotiators stay that way in the knowledge the White House would have to step in before a steel strike began? Which came first — federal intervention or the intention to make the White House settle the deadlock?

President Johnson, like other presidents before him, is being accused of enlarging presidential power at the expense of free collective bargaining and local responsibility in general.

But there is evidence that collective bargainers, themselves, are enlarging presidential power by throwing themselves on the mercy of the White House when they are unable to reach agreement within their own resources.

Besides obvious White House rescues, like the steel settlement and the disastrous shipping strike, many less-publicized standoffs are broken up by federal mediators and other forms of executive intervention.

Do these signify that the federal government wants to nib in where it has no right to be, or does it signify that the federal government must rescue people who get into fixes that call for federal intervention?

The question is like another question of longer standing and wider significance.

Is the federal government deliberately undermining local and state governments with many forms of intervention, or are their failures causing it to fill a vacuum?

Federal "intervention" often is deplored by people skilled in bringing it about.

Southern politicians yammer about states' rights and individual rights, then make a mockery of them. Meanwhile, they are lobbying in Washington for more federal aid.

The practice is not regional. It is national.

It is like accusing firemen of riding roughshod over local rights when they arrive to put out a fire.

Or, to get back to that chicken-egg metaphor, it is as if the egg blamed the chicken for intervening in its creation.

## He Could Shape Up A Bit!

## We Need A Better Word

The bill creating a federal Department of Housing and Urban Affairs has been signed by President Johnson — and we could wish the new department had been endowed with a better name.

The thought behind the department's creation was that something needed to be done to organize and systematize all presently scattered agencies concerned with the problems of population growth and population concentration.

But if the new department is going to be useful, it will have to avoid the implication in its title that urban affairs and urban housing are its principal responsibilities.

They are only two of its responsibilities.

Other responsibilities, just as important, are policy-making and guidance for all component elements in the concentrations of population that have been changing the face of America and the nature of American life.

Millions of Americans living outside cities are not urbanites, though they work in cities. They are not suburbanites, either. They live in ever-growing peripheral areas on the outskirts of cities and use modern highways to travel to and from cities.

The U.S. Department of Agriculture cannot claim them, because they are not farmers. Nor can the new Department of Housing and Urban Affairs claim them. They are neither city dwellers nor suburbanites.

If the connotation of the new department's name causes its soon-to-be-organized bureaucracy to think they are concerned solely with people who live in cities and only with urban housing, a vast segment of the U.S. population will still be where it is now—high and dry, with no category to call its own.

## No Joy

It is news when a baseball club that couldn't win for losing rehires its manager.

It has happened to Johnny Keane, manager of the New York Yankees, already mathematically eliminated from the American League pennant race due to a season so disastrous no one wants to talk about it.

Everything about the Yankees this year has been highly irregular. Not the least of the unexpected things that have happened is the failure of Yankee haters to be happy about their collapse.

During the years when the Yankees were accused of hurting baseball by being too tough for their mediocre competition, Yankee haters dreamed of a turn of fate that would whittle down the superior to the mediocrity of their rivals. This, they said, would be good for baseball, the American League, the fans and the American way of life.

It's odd, though, that no one is overjoyed now that the famed Yankees have undergone collapse. Quite the contrary.

It's sad to know that age and injuries have reduced them to mediocrity. There is no joy in Mudtown or anywhere else.

## Letter From Max

Dear Truman Twill:

Sometimes it is difficult to get concerned over the cruelties of bull-fighting, cock-fighting, bear-baiting, boxing and football while such things are going on as the war in Vietnam, the India-Pakistan war and riots in Watts, Chicago and you name it.

Now that the United States has protested the India-Pakistan war, it seems pertinent to recall that India probably did the same thing over the war in Vietnam.

With all the various defenders of the extreme right and extreme left in politics, education, economics and government, let's put in a plug for the extreme middle-roaders who borrow from both the left and right and get things done.

Partly to test the freedom of the press and partly to shake you up, here is a quote attributed to British publisher-writer Leonard Woolf, husband of the late writer Virginia Woolf: "Nearly all good editors, like the great newspaper owners, become megalomaniacs and suffer from the hallucination that they control and exercise great power. The hallucination of power corrupts as efficiently as power." Obviously, Leonard Woolf, himself, was the victim of a hallucination.

You never heard about the Harlem gang fighter I once met. When asked if he still engaged in that pastime, he replied, "No. Some guy from the other gang wrapped a tire chain around my neck and I ain't been in no more rumbles since."

Somewhere along the line, the terminology used by sportscasters in describing various pitches has passed me by. What used to be called a drop is now a curve, the old upshoot is now a rising fast ball, the old incurve now works in on the batter, the old outcurve or roundhouse works away from the batter, and both of the latter may now be what they call a slider, if anyone knows what a slider is. The old way was better.

## Cotton Corners

Dear Nephew: Your Aunt Effie and I have agreed on something — finally.

We won't argue with you about determination.

We doubt that you knew you were talking about it in the first place. But you were. You have been a determinist for years.

More power to you if you want to think rioters are the products of environment.

We won't try to talk you out of it.

We are determinists, too, except we are not whole-hog determinists — only half-hog.

This is what we mean.

You have been trying to make us believe that human beings who do violent, irrational things that cause grief, anguish and loss of life and property are victims of circumstances that caused them to be the way they are.

You are ready to bear the burden on your skinny shoulders of all the grief and unrest in the world, because you believe the human race is collectively responsible for everything done by its members.

If there is a riot, you feel bad because you think about all the things that caused it and deplore humanity's failure to correct them.

Your aunt and I deplore the misbehavior of the rioters as individuals.

We mix our determinism with the point of view that each man is personally responsible for what he does, if he knows that he is doing and is capable of making a free choice.

You have not found out yet that wherever you find two or more points of view strongly held by people who have reached studied conclusions you can be sure no one point of view is correct.

It means the truth has been dispersed.

It means that any attempt to disregard this dispersion will create an explosion. The truth will come out somehow, and if it is bottled up it will come out explosively.

A man cannot evade responsibility for his acts as an individual even though his wrong-doing is traceable to forces he could not control.

The only exception is insanity, and even that is iffy, because we never can be completely sure the wrong-doer was as nutty as his lawyers claimed he was.

There is an issue between determinists and indeterminists and the truth lies on both sides.

If you look into your own experiences you will find this has been so. You have done many things that could be blamed on previously existing causes. But in the showdown, you had to blame them on your own free will, because you had a free choice, regardless of what determinists say.

## A Dream Of Peace Through Law

**By Richard Spong**

Man's ancient dream of settling disputes among nations as disputes are settled among men —by law and not by force—was expressed vividly by President John F. Kennedy in his inaugural address. "If a beachhead of cooperation may push back the jungle of suspicion," he said, "let both sides join in creating a new endeavor, not a new balance of power, but a new world of law, where the strong are just and the weak secure, and the peace preserved."

President Johnson renewed the vision this year in proclaiming today World Law Day. "I would call upon citizens throughout the land," said the President, "to join in appropriate observances on that day to reaffirm our abiding goal of a world where all men live in obedience to the rule of laws that they have chosen, rather than in subjugation to rule of men they have not chosen."

**SCORES OF OTHER** heads of states have echoed Johnson's call in similar proclamations, and in this country hundreds of mayors have asked for local observances of the day.

In a world still rent by the aftermath of World War II, the very concept of World Peace Through Law must seem a dubious adventure in high idealism. But more than 2,000 attorneys and high court justices from virtually every nation deem it worth their while and expense to spend a week in Washington talking out hard facts as well as high ideals to make the dream a bit more realizable.

The World Peace Through Law movement originated with a committee of the American Bar Association.

A WPTL center was established in 1963, under former ABA President Charles S. Rhyne, who will chair the Washington conference. Four continental conferences and the first world conference in Athens two years ago laid the foundation.

"In the two years since the conference at Athens," Rhyne told Editorial Research Reports, "we've got together the manpower, the brainpower, and some of the money to get this thing rolling." The Ford Foundation provides major financing. Attorneys, law firms and bar associations have put up some $300,000.

**WHAT ENCOURAGES** men like Rhyne — and Chief Justice Earl Warren, honorary chairman of the Washington conference — is the recent treaty-making "explosion." The WPTL center estimates that 80 per cent of the world's total of 30,000 treaties have been drafted within the last 20 years. Of the 5,823 treaties to which the United States has become a party throughout its history 78 per cent were entered into during the last 22 years.

The emphasis at the Washington meeting will be on specifics. Delegates attending in a private capacity are expected to approve a start toward a world court system and the first volume of a world law code—which may run eventually to 50 volumes — containing all world treaties.

One of the principal "headaches" of the international law movement, Rhyne says, is the problem of translation. Some hope lies in the use of a computer, as in the Pentagon. Lively discussion of the new area of space law is expected. The delegates are expected to come up also with new means of removing the limitations of the International Court of Justice at The Hague.

## Captive Of A System

**By Raymond Moley**

Until now I have refrained from entering the lists of controversy over Arthur Schlesinger Jr.'s published article abusing the State Department and Secretary Rusk and revealing the late President Kennedy's intention to get another boy to head our great colossus in spats and striped trousers.

I hope my esteemed colleagues and contemporaries will forgive me for saying that in this instance their criticism lacks perspective. For their attention has centered upon Schlesinger's judgment in quoting a dead President's irritation at his foreign service and criticism of a man now in a responsible office.

I shall leave this impropriety of Schlesinger's for others to chew upon and discuss the broader question of the competence of the 40,000 people of whom Rusk is the nominal head. For it would have been a futile gesture to replace Rusk with another secretary of state unless that new appointee were an administrator who would combine the personal power and skill in government of a Charlemagne, a Napoleon or a Richelieu.

**NO PRESIDENT** who wants to dictate foreign policy himself wants such a dominating figure as a subordinate. In short, don't shoot the piano player when the discordant music comes from an ill-tuned and outworn piano.

Rusk, like his predecessors, is not the man who manages the vast bureaucracy concerned with foreign affairs. In his dealings with foreign governments he is merely a mild, smooth articulator of policy made in the White House. Back there in the immense State Department building he is the prisoner of people and a system which he inherited.

Here, in castigating the American foreign service, Schlesinger is on firm ground, and his onslaught may do some little good.

It has been almost 40 years since the last real administrator of the State Department, Charles Evans Hughes, left the Coolidge Cabinet. Since then we have had 10 secretaries of state.

When the impatient John F. Kennedy went from the Senate to the White House, he could not conquer that bureaucracy. And so he set up another "ministry" of foreign affairs in the White House, with McGeorge Bundy at its head. Schlesinger belonged to the new "ministry" and, according to his story, egregious mistakes were made by this crossing of lines of authority.

How does the State Department bureaucracy operate? It lives by buck-passing, by close cohesion within the elite in which one functionary protects the others and in which committees are formed that waste their energies in studies. Only occasionally do horrible blunders come to public attention, and then outright lying or double talk covers the blemish.

**IN RECENT NEWS** we have the perfect example. In Singapore Prime Minister Lee Kuan Yew charged that the CIA (itself an impenetrable bureaucracy) had tried to bribe him to cover up an agent's effort to penetrate Singapore's intelligence service. At first the State Department flatly denied it. Later the Prime Minister disclosed a letter of apology from Secretary Rusk, and only then did the State Department confirm Lee's story.

This sort of thing has happened many times. It happened in the U2 case in 1960. It is coming to be common practice to say one thing one day and deny it the next.

Nothing can serve to provide the United States with a foreign service capable of carrying the responsibility which America has assumed in the world until there is a wholesale pruning out of the department. There should be a cut in personnel by 50 per cent and higher quality among those who survive.

Rusk is the captive and victim of a system. And Schlesinger would have been wiser and more helpful if he had stressed this, rather than taking aim at the hapless piano player.

### Judge's Ruling In Georgia Reviewed

Discrimination against white children or against white teachers in the operation of public schools in America has just been declared to be unconstitutional in a ruling by Judge F. M. Scarlett of the U. S. District Court of the Southern District of Georgia.

David Lawrence

The decision strikes a blow at various schemes being offered in different cities in the North as well as the South to create "racial balance" by arbitrarily enrolling students on the basis of color and not educational qualifications.

Judge Scarlett supports his ruling by quoting from decisions of the Supreme Court of the United States, and contends that while segregation of school children by race or color is no longer permissible, the assignment of students to schools or classrooms by age, ability and mental qualifications is specifically permitted by court decisions.

The new order also forbids continued discrimination against white school teachers in those areas where college degrees rather than merit have been used to determine compensation.

**JUDGE SCARLETT** issued his ruling in a case in which the parents of white and Negro children differed on how the public schools should be desegregated. Judge Scarlett says:

"The court takes judicial notice of the fact that in all well regulated school systems at all times school children in general and regardless of race are permitted to progress on a basis of intelligence, ability, achievement or other aptitudes.

"In no case called to the court's attention has it been held that there is any constitutional requirement that children differing in ages and qualifications be educated together. . . .

"Since the original Brown case (Brown v. Board of Education decided by the Supreme Court in 1954) held that only children of 'similar age' and the 'same educational qualifications' are entitled to be classed together in schools under the equal protection clause of the 14th Amendment, this court was free to find and find upon the unchallenged and unquestioned evidence that in order for school children to be effectively educated in Savannah-Chatham County they must be separated and classified as to age and educational qualifications.

"Facts thus established are final and are not subject to reversal. It is the law of this case and the law of the land that separation may not be accomplished by using race and color as sorting criteria, but the law leaves school authorities free to educate school children efficiently without regard to race or color."

**JUDGE SCARLETT** also relied in his ruling on an official report in 1963 of a research program conducted by the University of Pittsburgh and financed by the U.S. Office of Education. He made this significant comment:

"It reports that the indiscriminate integration of school children by race without regard to diversities of ages and mental qualifications tends to deprive fast learners of opportunities for advancement and to decrease the mean score of all school children while increasing dropout rates of slow learners and decreasing chances of college entry by average learners, regardless of the environment of such children."

What the court ruling is aimed at is "en masse" integration — a movement which is being pressed upon school boards in Northern cities where Negro population is extensive. The theory that children may be transported from one section of a big city to another in order to produce a "racial balance" has been advanced by civil rights groups.

**IF THE RULING** by Judge Scarlett is upheld by higher courts, it could mean that no state laws or city ordinances could prescribe a percentage system for enrollment of Negroes or whites in public schools anywhere in the United States.

The basis for enrollment and promotion from grade to grade would be solely educational qualifications and tests. If these are applied without regard to race or color, there would be no legal intervention.

## Down Through The Years

**From The Review Files**

**THIRTY YEARS AGO**—Stan Hilbert defeated Sam Brown, Charles See won over Bud Martin and Don Shay defeated Bill Buckley in the first round of the YMCA's singles tennis tournament.

The Wellsville Board of Education announced it would open bids for materials for construction of a stadium at Nicholson Field.

Elbert J. Ronshausen of 1st Ave. and John T. Smith of St. Clair Ave. enrolled as freshmen at Ohio State University.

**TWENTY YEARS AGO**—Clifford Fraser of Wellsville was named the winner of the Columbiana County 4-H health contest at the county fair in Lisbon.

Clyde Piquet of Ohioview was awarded first prize for the best exhibit in Midland's annual flower show.

Mr. and Mrs. Jacob F. Davis of Toronto, former East Liverpool residents, were notified that their son Pvt. Curtis Davis had been liberated from a Japanese prison camp.

**TEN YEARS AGO** — The barbershop chorus of the East Liverpool Chapter of SPEBSQSA won eighth place in the Johnny Appleseed District competition at Parkersburg, W. Va.

The W. P. Snyder Jr., one of 25 remaining sternwheel steamers in service on the inland waterways, docked at the Broadway wharf. The vessel was on its way to Marietta, where it was presented to the Ohio Historical Society.

Miss Lois Cosgrove, daughter of Mr. and Mrs. Wilbert Cosgrove, 176 Indiana Ave., Chester, received a $300 nursing scholarship from the Chester Lioness Club.

## People In The News

TOKYO (AP) — Japan's Empress Nagako received the newly appointed ambassadors from Peru and South Viet Nam at the Imperial Palace today.

She chatted for about half an hour with Peruvian Ambassador Jose Carlos Ferreyros and South Vietnamese Ambassador Nguyen Duy Quang.

NEW YORK (AP)—Dr. John H. Gibbon Jr. has been selected to receive the American Heart Association's research achievement award for his development of a heart-lung machine.

Dr. Gibbon, head of the Department of Surgery at Jefferson Medical College, Philadelphia, was cited for "bold vision, daring, imagination and tireless effort" in development of the machine.

SYDNEY, Australia (AP) — U.S. Ambassador Edward A. Clark told a luncheon audience that "we will never abandon or run out on our friends and I pridefully assert that we do not trade off old friends for new ones."

The ambassador, from Austin, Tex., was making his first visit outside the capital of Canberra since arriving in Australia a month ago.

TAIPEI (AP) — Phan Huy Quat, former premier of South Viet Nam, arrived in Taipei today from Manila for a one-week visit to Formosa.

Quat headed the Vietnamese delegation to the 11th convention of the Asian People's Anti-Communist League held in Manila last week.

NEW YORK (AP) — Whitney M. Young Jr., executive director of the National Urban League, said Negro leaders must come up with more opportunities for Negroes rather than just promises.

"We can reach them with jobs, with training opportunities, with resources to better their lot in life...we certainly can't reach them simply by encouraging patience and nonviolence," Young said Sunday on a radio program.

## Who Causes Intervention?

A baffling question on a par with the one about the chicken and the egg is being asked in the wake of the steel settlement.

Did President Johnson butt in where he wasn't wanted when he called the deadlocked negotiators to the White House and told them to reach an agreement?

Or did the deadlocked negotiators stay that way in the knowledge the White House would have to step in before a steel strike began? Which came first — federal intervention or the intention to make the White House settle the deadlock?

President Johnson, like other presidents before him, is being accused of enlarging presidential power at the expense of free collective bargaining and local responsibility in general.

But there is evidence that collective bargainers, themselves, are enlarging presidential power by throwing themselves on the mercy of the White House when they are unable to reach agreement within their own resources.

Besides obvious White House rescues, like the steel settlement and the disastrous shipping strike, many less-publicized standoffs are broken up by federal mediators and other forms of executive intervention.

Do these signify that the federal government wants to nib in where it has no right to be, or does it signify that the federal government must rescue people who get into fixes that call for federal intervention?

The question is like another question of longer standing and wider significance.

Is the federal government deliberately undermining local and state governments with many forms of intervention, or are their failures causing it to fill a vacuum?

Federal "intervention" often is deplored by people skilled in bringing it about.

Southern politicians yammer about states' rights and individual rights, then make a mockery of them. Meanwhile, they are lobbying in Washington for more federal aid.

The practice is not regional. It is national.

It is like accusing firemen of riding roughshod over local rights when they arrive to put out a fire.

Or, to get back to that chicken-egg metaphor, it is as if the egg blamed the chicken for intervening in its creation.

## We Need A Better Word

The bill creating a federal Department of Housing and Urban Affairs has been signed by President Johnson — and we could wish the new department had been endowed with a better name.

The thought behind the department's creation was that something needed to be done to organize and systematize all presently scattered agencies concerned with the problems of population growth and population concentration.

But if the new department is going to be useful, it will have to avoid the implication in its title that urban affairs and urban housing are its principal responsibilities.

They are only two of its responsibilities.

Other responsibilities, just as important, are policy-making and guidance for all component elements in the concentrations of population that have been changing the face of America and the nature of American life.

Millions of Americans living outside cities are not urbanites, though they work in cities. They are not suburbanites, either. They live in ever-growing peripheral areas on the outskirts of cities and use modern highways to travel to and from cities.

The U.S. Department of Agriculture cannot claim them, because they are not farmers. Nor can the new Department of Housing and Urban Affairs claim them. They are neither city dwellers nor suburbanites.

If the connotation of the new department's name causes its soon-to-be-organized bureaucracy to think they are concerned solely with people who live in cities and only with urban housing, a vast segment of the U.S. population will still be where it is now—high and dry, with no category to call its own.

David Lawrence

The decision strikes a blow at various schemes being offered in different cities in the North as well as the South to create "racial balance" by arbitrarily enrolling students on the basis of color and not educational qualifications.

Judge Scarlett supports his ruling by quoting from decisions of the Supreme Court of the United States, and contends that while segregation of school children by race or color is no longer permissible, the assignment of students to schools or classrooms by age, ability and mental qualifications is specifically permitted by court decisions.

The new order also forbids continued discrimination against white school teachers in those areas where college degrees rather than merit have been used to determine compensation.

**JUDGE SCARLETT** issued his ruling in a case in which the parents of white and Negro children differed on how the public schools should be desegregated. Judge Scarlett says:

"The court takes judicial notice of the fact that in all well regulated school systems at all times school children in general and regardless of race are permitted to progress on a basis of intelligence, ability, achievement or other aptitudes.

"In no case called to the court's attention has it been held that there is any constitutional requirement that children differing in ages and qualifications be educated together. . . .

"Since the original Brown case (Brown v. Board of Education decided by the Supreme Court in 1954) held that only children of 'similar age' and the 'same educational qualifications' are entitled to be classed together in schools under the equal protection clause of the 14th Amendment, this court was free to find and find upon the unchallenged and unquestioned evidence that in order for school children to be effectively educated in Savannah-Chatham County they must be separated and classified as to age and educational qualifications.

"Facts thus established are final and are not subject to reversal. It is the law of this case and the law of the land that separation may not be accomplished by using race and color as sorting criteria, but the law leaves school authorities free to educate school children efficiently without regard to race or color."

**JUDGE SCARLETT** also relied in his ruling on an official report in 1963 of a research program conducted by the University of Pittsburgh and financed by the U.S. Office of Education. He made this significant comment:

"It reports that the indiscriminate integration of school children by race without regard to diversities of ages and mental qualifications tends to deprive fast learners of opportunities for advancement and to decrease the mean score of all school children while increasing dropout rates of slow learners and decreasing chances of college entry by average learners, regardless of the environment of such children."

What the court ruling is aimed at is "en masse" integration — a movement which is being pressed upon school boards in Northern cities where Negro population is extensive. The theory that children may be transported from one section of a big city to another in order to produce a "racial balance" has been advanced by civil rights groups.

**IF THE RULING** by Judge Scarlett is upheld by higher courts, it could mean that no state laws or city ordinances could prescribe a percentage system for enrollment of Negroes or whites in public schools anywhere in the United States.

The basis for enrollment and promotion from grade to grade would be solely educational qualifications and tests. If these are applied without regard to race or color, there would be no legal intervention.

## Down Through The Years

**From The Review Files**

**THIRTY YEARS AGO**—Stan Hilbert defeated Sam Brown, Charles See won over Bud Martin and Don Shay defeated Bill Buckley in the first round of the YMCA's singles tennis tournament.

The Wellsville Board of Education announced it would open bids for materials for construction of a stadium at Nicholson Field.

Elbert J. Ronshausen of 1st Ave. and John T. Smith of St. Clair Ave. enrolled as freshmen at Ohio State University.

**TWENTY YEARS AGO**—Clifford Fraser of Wellsville was named the winner of the Columbiana County 4-H health contest at the county fair in Lisbon.

Clyde Piquet of Ohioview was awarded first prize for the best exhibit in Midland's annual flower show.

Mr. and Mrs. Jacob F. Davis of Toronto, former East Liverpool residents, were notified that their son Pvt. Curtis Davis had been liberated from a Japanese prison camp.

**TEN YEARS AGO** — The barbershop chorus of the East Liverpool Chapter of SPEBSQSA won eighth place in the Johnny Appleseed District competition at Parkersburg, W. Va.

The W. P. Snyder Jr., one of 25 remaining sternwheel steamers in service on the inland waterways, docked at the Broadway wharf. The vessel was on its way to Marietta, where it was presented to the Ohio Historical Society.

Miss Lois Cosgrove, daughter of Mr. and Mrs. Wilbert Cosgrove, 176 Indiana Ave., Chester, received a $300 nursing scholarship from the Chester Lioness Club.

## People In The News

TOKYO (AP) — Japan's Empress Nagako received the newly appointed ambassadors from Peru and South Viet Nam at the Imperial Palace today.

She chatted for about half an hour with Peruvian Ambassador Jose Carlos Ferreyros and South Vietnamese Ambassador Nguyen Duy Quang.

NEW YORK (AP)—Dr. John H. Gibbon Jr. has been selected to receive the American Heart Association's research achievement award for his development of a heart-lung machine.

Dr. Gibbon, head of the Department of Surgery at Jefferson Medical College, Philadelphia, was cited for "bold vision, daring, imagination and tireless effort" in development of the machine.

SYDNEY, Australia (AP) — U.S. Ambassador Edward A. Clark told a luncheon audience that "we will never abandon or run out on our friends and I pridefully assert that we do not trade off old friends for new ones."

The ambassador, from Austin, Tex., was making his first visit outside the capital of Canberra since arriving in Australia a month ago.

TAIPEI (AP) — Phan Huy Quat, former premier of South Viet Nam, arrived in Taipei today from Manila for a one-week visit to Formosa.

Quat headed the Vietnamese delegation to the 11th convention of the Asian People's Anti-Communist League held in Manila last week.

NEW YORK (AP) — Whitney M. Young Jr., executive director of the National Urban League, said Negro leaders must come up with more opportunities for Negroes rather than just promises.

"We can reach them with jobs, with training opportunities, with resources to better their lot in life...we certainly can't reach them simply by encouraging patience and nonviolence," Young said Sunday on a radio program.

# Calcutta Bus Run Resumes

The City Transit Co. was to resume full-scale bus service today through Calcutta via the Glenmoor-North Side "loop" under an arrangement explained Saturday to the Council franchise committee.

Victor Houser, operator of the line, and John Young, who now runs a bus service between East Liverpool and Youngstown, said they have worked out an arrangement with the Ohio Public Utilities Commission that will allow Houser to resume the Calcutta service.

Houser's runs through Calcutta had not operated since early August. However, he continued to serve the Pleasant Heights and North Side areas by operating only inside the city limits for lack of state authority.

Houser had been operating under a lease arrangement with Young. Meanwhile, Young had been running a service between the Hill's Department Store at Calcutta and downtown East Liverpool after the runs over the "loop" were discontinued.

Young's runs were scheduled to terminate today between the department store and the downtown area. However, Houser is scheduled to add six runs daily via the Glenmoor - Calcutta "loop" so the area will be served adequately, he told the franchise committee.

Councilman James Cunningham, chairman of the franchise committee, said the problem was solved by Houser applying to the PUCO for an operating permit in his own right, rather than as an individual leasing the run from Young.

Houser explained the arrangement in a meeting with Cunningham and Councilman Donald Smith, also a member of the franchise committee.

# Thief Obtains Legion Funds

A thief obtained $55 and other property of American Legion Post 70 at Wellsville early Sunday when he picked up a manila envelope which a post official had placed nearby while he ate in a downtown restaurant, police reported.

Francis J. House, 1255 Oakwood Ave., reported the 10-x-12 envelope, also containing a membership list and a dues record, was stolen about 4:15 a. m. in the New York Restaurant.

House said he and Perry Beagle of Glenmoor entered the restaurant and sat at the counter. He placed the envelope on the foot rest, but when he was ready to leave it was missing, House said.

Meanwhile, Mrs. Cora Thornhill, 114 W. 2nd St., reported to police early Sunday a thief entered her home and took $18 while she slept.

Mrs. Thornhill said the cash was in a money bag which was attached to the strap of her slip. The thief cut the money bag loose while she slept sometime between 8:15 Saturday night and 4:30 a. m. Sunday, she said.

Mrs. Thornhill said she took a sleeping pill when retiring and when she awakened the money was missing. She later was treated at City Hospital for shock.

# Crash Injury Claims Priest

Msgr. John P. Lavelle, dean of the Portage Deaner" and pastor of Immaculate Conception Catholic Parish in Ravenna, died Sunday in Suburban Community Hospital as a result of injuries suffered in a car crash Friday. He was 56.

Msgr. Lavelle, a native of Cleveland, served as assistant pastor of St. Paul's Parish at Salem for five years, starting about 1943.

He was ordained in 1936 by the late Archbishop Joseph Schrembs. His first assignment was as assistant pastor at St. Brendan Parish in Youngstown.

Patrolman James Gregg of Solon said Msgr. Lavelle's chest was pierced by a broken vent window on the passenger's side of his 1964 auto when he was thrown across the front seat of the car.

Officers said his car was involved in a collision with an auto driven by John A. Strazzanti, 40, of Warrensville Heights.

Msgr. Lavelle had been pastor of the 1,500-family Ravenna Parish since November 1960. He was raised to the rank of monsignor and named dean in 1961.

After leaving the Salem Parish, he served at St. Ambrose Parish at Garrettsville in Portage County and at St. Joseph Parish in Mantua, Portage County.

A funeral mass will be held Thursday at 11 a. m. at the Ravenna church.

# Miners Rap Union Leader

POWHATAN POINT, Ohio (AP)—More than 1,000 to 3,600 striking miners protested against union leadership as well as coal companies at a mass meeting Sunday, indicating all is not harmonious in their strike against 16 mines in Ohio and West Virginia.

Thomas A. Williams, president of United Mine Workers District 6, which has control over the striking locals, came under attack several times during the session for allegedly being indifferent toward miners and not having the best interests of the union at heart.

Williams has called the six-day-old strike unauthorized and has urged the miners to return to their jobs.

The strike began last week following the firing of six employes at Hanna Coal Company's Ireland Mine at Moundsville, W. Va. Hanna discharged the six, one of them a local union president, for their alleged connection with another unauthorized strike the week before.

Williams says he wants the men to return to work so the dispute at the Ireland Mine can be taken up under contract procedures on grievances. The company refuses to negotiate the dispute, claiming the men are violating collective bargaining laws in refusing to return to work.

Petitions were circulated at the session asking that local unions be allowed to vote for their own union leaders. Presently, they are appointed by the international union. The dissident miners said they plan to send the petitions to Labor Secretary W. Willard Wirtz.

Williams was not present at the meeting.

Williams had reported Saturday that several of the striking locals have voted to end the walkout. Other officials who attended Sunday's meeting said, however, they saw little indication anyone would return to work today.

## Thai Air Chief Urges Aid For North Region

BANGKOK, Thailand (AP)—A high-ranking Thai official appealed today to the government to pump further development aid into Thailand's Communist-threatened northeast region.

Air Chief Marshal Dawee Chullasap, deputy defense minister, said he found a low standard of living and need for better educational systems during a weekend visit to the region.

## Ohio 5-Day Forecast

Temperatures will average near normal southeast to 5 below normal north and west. Representative normal highs and lows: Cleveland 74-52, Cincinnati 80-58, Columbus 78-54. Warmer Tuesday followed by a cooling trend. Rainfall about Wednesday and Friday will average around a half inch.

## Catholic Priest Dies

WILMINGTON, Ohio (AP)—The Rev. Theodore Stuber, 79, a priest for 54 years and pastor of the St. Columbkille Roman Catholic Church here the past 30 years, died Sunday in Clinton County Memorial Hospital. Father Stuber, a native of Marion, had been at the hospital since last Thursday when he suffered a heart attack.

## *75,000 Welcome Sen. Kennedy At Cleveland Picnic*

CLEVELAND (AP)—Sen. Edward M. (Ted) Kennedy, D-Mass., was given a welcome reminiscent of those received here by his brother, the late John F. Kennedy, when he appeared at the annual Democratic Steer Roast at Euclid Beach Park Sunday.

Police had to restrain the milling, pushing crowd greeting the senator on his first political appearance since he was injured in a plane accident last year.

The throng, estimated at 75,000 by police, cheered when Ohio's Sen. Stephen M. Young told them:

"We welcome a future president."

However, Kennedy quickly denied having any presidential ambitions when questioned by reporters.

"I'm not interested," he said.

The senator praised the record of Presidents Kennedy and Johnson in a 10-minute speech and called the last five years "an unparalleled period in the history of our nation."

Sen. Kennedy flew into Cleveland Hopkins Airport and rode downtown in a motorcade. Thousands of persons were gathered at spots along the parade route.

Kennedy spoke at a luncheon for local Democratic party leaders before going to Euclid Beach.

# Rain Blamed For Several Road Deaths

By The Associated Press

The heavy rains that drenched Ohio most of the weekend contributed to the toll as at least 19 persons lost their lives in traffic accidents on the state's streets and highways.

Officials reported that in five of the fatalities skidding on wet pavement caused the accidents.

Two persons each died in two accidents during the period from 6 p.m. Friday to midnight Sunday.

In addition, a 23 - year - old Crooksville man was killed when a 12-gauge shotgun he had placed on his car seat accidentally discharged, striking him under the left arm.

The fatalities:

**Sunday**

Diana Patton, 19, Boardman, when the car she was driving skidded on wet pavement in Boardman and slammed into a tree.

Donald Benadum, 37, Perry, a passenger, killed when an auto rammed a light pole in Painesville.

Daune Launder, 2, McConnelsville, when the car driven by his mother skidded on wet pavement, flipped over and rammed a tree on U. S. 23 six miles north of Delaware.

Mrs. Martha A. Burrow, 49, Vermilion, when a train demolished her auto at a Norfolk & Western Railroad crossing near Huron.

Edward Fitzgerald, 18, Columbus, when a car he was riding in missed a curve and slammed into a utility pole on Columbus' north side.

Mrs. Frances Jean Andrews, 26, Evansport, Defiance County, when the car driven by her husband of only five days left Ohio 191 at the edge of Evansport and rammed into a tree.

Mrs. Alvina Salmen, Cleveland, and her son, David, 23, in a two car crash in Cleveland.

Jose A. Neiro, 18, Gibsonburg, Sandusky County, when car went off a county road three miles west of Gibsonburg.

**Saturday**

Eugene Golsby, 23, Covington, Ky., when his car left a Cincinnati street and struck a tree.

Doris Bronson, 40, Lafayette, in a two-car accident on Interstate 75 northeast of Bluffton.

Louis Dean Bateson, 23, of Crooksville, when a 12-gauge shotgun he placed on his car seat accidentally discharged.

Mrs. Velma M. Davis, 74, Columbus, when an auto driven by her husband skidded off rain-sick Interstate 71 and into an embankment near Mount Gilead.

Robert Hampshire, 40, father of five from Union City, Darke County, when his car skidded on wet pavement northwest of Greenville and rammed a tree.

John Edward Stone, 38, Oak Hill, Lawrence County, when the car he was driving went out of control and crashed south of Oak Hill.

Mrs. Christine Rabatin, 50, Cleveland, in a headon collision in Cleveland.

Gilbert E. Schulze, 44, Sidney chiropractor, and Mrs. Ann Wainwright, 58, Oakmont, Pa., in a two-car accident on rain-soaked U. S. 127 two miles south of Camden in Preble County.

Mrs. Clara Detro, 76, Fairborn, when the car in which she was riding with her daughter crashed, three miles north of Lebanon.

## Riot-Torn City Still In Ruins

By ANDREW JAFFE

LOS ANGELES (AP) — A let-George-do-it attitude pervades the riot-torn community of Watts. In this case, George is the government.

Businessmen along 103rd Street — the community's commercial center — await outside forces to put them on their feet.

They have been told funds are coming to clean up the rubble, finance new buildings, replace looted stock and redevelop the area. So they wait.

Almost a month after the riot's end, the 10-block stretch still looks as if it had just been devasted by a bombing raid.

Children clamber amidst the charred ruins, hunting for scraps of copper to sell for salvage. Fallen marquees block the sidewalk, forcing pedestrians into the gutter. Unemployed men lounge at street corners with vacant stares.

The street is clogged with traffic — shoppers driving elsewhere and sightseers. Before the August riot tourists came to Watts to see the towers — 100-foot structures of steel and glass. Now they come to see the ruins.

When it was over the riot claimed 36 dead and destroyed an estimated $45 million in property.

One of the dead was shot sniping at the Watts police station. For three hours fires raged along the street unchecked. Firemen responded quickly, but then had to withdraw in a hail of stones and bottles thrown by an angry mob. When they returned, it was too late: 90 per cent of the buildings in the commercial center had been touched by fire, most of them were destroyed by it.

The percentage also reflects the amount of white-owned property there, though some white businesses survived and some Negro shops were burned. The fire after it started knew no color.

"The tragedy we face," says one white storeowner, "is that there no longer is a shopping area in Watts. Customers are already leaving to shop. Those of us who remain are almost in isolation."

The city of Los Angeles has issued orders that buildings that create health or safety hazards must be cleaned up immediately. Where owners delay, city engineers do the work and send them the bill.

Sam Rittenberg, 65, sits near the rear of his loan shop. Next door the liquor store he owned is nothing but a few tons of brick awaiting the bulldozer. Will this white merchant rebuild?

"It all depends on the attitude of the community — and what steps the government takes," says Rittenberg, 21 years a Watts shopkeeper. "Right now I feel uneasy here. I lost $35,000 in one night."

At the street's only bank, manager J. K. Reibennacht, also white, ponders the possibility of a blight covering the street if it is not quickly rebuilt.

"We're concerned about the future of Watts because without these businesses there would be no need for the bank," Riebennacht says." But the bank can only make loans based on a sound financial statement — which many Negroes here don't have. As for the white storeowners, they are waiting to see if the insurance companies pay off."

## U.S. Officials Weigh Sub Detection System

WASHINGTON (AP) — The United States may set up a submarine detection system on the Pacific Coast similar to one which operated for years off the Atlantic Coast, sources said Sunday night.

Details of the system are secret, but the electronic net against possible intruding underwater craft involves a series of hydrophones which pick up the sound of submarines and pinpoint their location.

## The Suburban Slant

MENOMONEE FALLS, Wis. (AP) — Gary Burk, a four-year-old playboy in the grassy pastures of suburbia, saw his first sidewalks on a family trip to a shopping center and exclaimed, "Mommy, look at those long, skinny patios."

## Graham Suffers Discomfort After Gland Operation

ROCHESTER, Minn. (AP) — Evangelist Billy Graham, recuperating from surgery on his prostate gland, had a "very, very uncomfortable day," after suffering complications, an aide said Sunday.

Graham underwent surgery last Thursday at the Mayo Clinic.

Dr. Grady Wilson of Charlotte, N.C., the aide, said Graham "hasn't done too well at all today."

Wilson said that Graham, of Montreat, N.C., might be permitted by doctors to get up and walk today.

## NLRB Upholds Action In Race Track Issue

The National Labor Relations Board has upheld a decision by its regional director to keep hands off the labor dispute at Waterford Park.

Teamsters Local 412, now picketing at the race track, turned to the NLRB earlier for action, but had its petition dismissed because the operations involved concerned the horse-racing industry, which the board termed outside its jurisdiction.

The latest NLRB action concurs with the regional director's finding.

# 2 Men Arrested As Hired Killers Of Ohio Grocer

CLEVELAND (AP) — Two Cleveland men will be arraigned today in municipal court on first degree murder charges in what homicide detectives say was a hired killing.

The charges were filed Sunday against Robert Irby, 40 and Andrew T. Jenkins, 46.

Victim of the shooting Sept. 3 was Grady Freeman, 35, Irby's brother-in-law.

A witness told police that he saw Freeman on that date walking with a man who was pressing a gun against his side. The witness said the two men walked to the rear of a house and a short time later he heard five shots.

The Irbys own two grocery stores. Mrs. Irby and her brother operated one of them and Irby ran the other.

## Well-Drilling Planned By Citizens Band Club

The Penova Citizens Band Radio Club, meeting Sunday night at its clubhouse in Hillcrest, agreed to go ahead with plans to drill a water well to serve the building.

The club voted to schedule round and square dances each Saturday from 9 to midnight at the clubhouse, beginning this week. A Halloween masquerade ball is set Oct. 30.

Twenty - seven attended. Mr. and Mrs. Ralph Jones of Lisbon were guests. The next meeting will be Sept. 26 at 7 p. m.

# Rain Blamed For Several Road Deaths

By The Associated Press

The heavy rains that drenched Ohio most of the weekend contributed to the toll as at least 19 persons lost their lives in traffic accidents on the state's streets and highways.

Officials reported that in five of the fatalities skidding on wet pavement caused the accidents.

Two persons each died in two accidents during the period from 6 p.m. Friday to midnight Sunday.

In addition, a 23 - year - old Crooksville man was killed when a 12-gauge shotgun he had placed on his car seat accidentally discharged, striking him under the left arm.

The fatalities:

**Sunday**

Diana Patton, 19, Boardman, when the car she was driving skidded on wet pavement in Boardman and slammed into a tree.

Donald Benadum, 37, Perry, a passenger, killed when an auto rammed a light pole in Painesville.

Daune Launder, 2, McConnelsville, when the car driven by his mother skidded on wet pavement, flipped over and rammed a tree on U. S. 23 six miles north of Delaware.

Mrs. Martha A. Burrow, 49, Vermilion, when a train demolished her auto at a Norfolk & Western Railroad crossing near Huron.

Edward Fitzgerald, 18, Columbus, when a car he was riding in missed a curve and slammed into a utility pole on Columbus' north side.

Mrs. Frances Jean Andrews, 26, Evansport, Defiance County, when the car driven by her husband of only five days left Ohio 191 at the edge of Evansport and rammed into a tree.

Mrs. Alvina Salmen, Cleveland, and her son, David, 23, in a two car crash in Cleveland.

Jose A. Neiro, 18, Gibsonburg, Sandusky County, when car went off a county road three miles west of Gibsonburg.

**Saturday**

Eugene Golsby, 23, Covington, Ky., when his car left a Cincinnati street and struck a tree.

Doris Bronson, 40, Lafayette, in a two-car accident on Interstate 75 northeast of Bluffton.

Louis Dean Bateson, 23, of Crooksville, when a 12-gauge shotgun he placed on his car seat accidentally discharged.

Mrs. Velma M. Davis, 74, Columbus, when an auto driven by her husband skidded off rain-sick Interstate 71 and into an embankment near Mount Gilead.

Robert Hampshire, 40, father of five from Union City, Darke County, when his car skidded on wet pavement northwest of Greenville and rammed a tree.

John Edward Stone, 38, Oak Hill, Lawrence County, when the car he was driving went out of control and crashed south of Oak Hill.

Mrs. Christine Rabatin, 50, Cleveland, in a headon collision in Cleveland.

Gilbert E. Schulze, 44, Sidney chiropractor, and Mrs. Ann Wainwright, 58, Oakmont, Pa., in a two-car accident on rain-soaked U. S. 127 two miles south of Camden in Preble County.

Mrs. Clara Detro, 76, Fairborn, when the car in which she was riding with her daughter crashed, three miles north of Lebanon.

## Riot-Torn City Still In Ruins

By ANDREW JAFFE

LOS ANGELES (AP) — A let-George-do-it attitude pervades the riot-torn community of Watts. In this case, George is the government.

Businessmen along 103rd Street — the community's commercial center — await outside forces to put them on their feet.

They have been told funds are coming to clean up the rubble, finance new buildings, replace looted stock and redevelop the area. So they wait.

Almost a month after the riot's end, the 10-block stretch still looks as if it had just been devasted by a bombing raid.

Children clamber amidst the charred ruins, hunting for scraps of copper to sell for salvage. Fallen marquees block the sidewalk, forcing pedestrians into the gutter. Unemployed men lounge at street corners with vacant stares.

The street is clogged with traffic — shoppers driving elsewhere and sightseers. Before the August riot tourists came to Watts to see the towers — 100-foot structures of steel and glass. Now they come to see the ruins.

When it was over the riot claimed 36 dead and destroyed an estimated $45 million in property.

One of the dead was shot sniping at the Watts police station. For three hours fires raged along the street unchecked. Firemen responded quickly, but then had to withdraw in a hail of stones and bottles thrown by an angry mob. When they returned, it was too late: 90 per cent of the buildings in the commercial center had been touched by fire, most of them were destroyed by it.

The percentage also reflects the amount of white-owned property there, though some white businesses survived and some Negro shops were burned. The fire after it started knew no color.

"The tragedy we face," says one white storeowner, "is that there no longer is a shopping area in Watts. Customers are already leaving to shop. Those of us who remain are almost in isolation."

The city of Los Angeles has issued orders that buildings that create health or safety hazards must be cleaned up immediately. Where owners delay, city engineers do the work and send them the bill.

Sam Rittenberg, 65, sits near the rear of his loan shop. Next door the liquor store he owned is nothing but a few tons of brick awaiting the bulldozer. Will this white merchant rebuild?

"It all depends on the attitude of the community — and what steps the government takes," says Rittenberg, 21 years a Watts shopkeeper. "Right now I feel uneasy here. I lost $35,000 in one night."

At the street's only bank, manager J. K. Reibennacht, also white, ponders the possibility of a blight covering the street if it is not quickly rebuilt.

"We're concerned about the future of Watts because without these businesses there would be no need for the bank," Riebenacht says." But the bank can only make loans based on a sound financial statement — which many Negroes here don't have. As for the white storeowners, they are waiting to see if the insurance companies pay off."

## U.S. Officials Weigh Sub Detection System

WASHINGTON (AP) — The United States may set up a submarine detection system on the Pacific Coast similar to one which operated for years off the Atlantic Coast, sources said Sunday night.

Details of the system are secret, but the electronic net against possible intruding underwater craft involves a series of hydrophones which pick up the sound of submarines and pinpoint their location.

## The Suburban Slant

MENOMONEE FALLS, Wis. (AP) — Gary Burk, a four-year-old playboy in the grassy pastures of suburbia, saw his first sidewalks on a family trip to a shopping center and exclaimed, "Mommy, look at those long, skinny patios."

## Graham Suffers Discomfort After Gland Operation

ROCHESTER, Minn. (AP) — Evangelist Billy Graham, recuperating from surgery on his prostate gland, had a "very, very uncomfortable day," after suffering complications, an aide said Sunday.

Graham underwent surgery last Thursday at the Mayo Clinic.

Dr. Grady Wilson of Charlotte, N.C., the aide, said Graham "hasn't done too well at all today."

Wilson said that Graham, of Montreat, N.C., might be permitted by doctors to get up and walk today.

## NLRB Upholds Action In Race Track Issue

The National Labor Relations Board has upheld a decision by its regional director to keep hands off the labor dispute at Waterford Park.

Teamsters Local 412, now picketing at the race track, turned to the NLRB earlier for action, but had its petition dismissed because the operations involved concerned the horse-racing industry, which the board termed outside its jurisdiction.

The latest NLRB action concurs with the regional director's finding.

# Negroes Add Students In Boston Move

BOSTON (AP) — Negro parents expanded their transfer of their children from allegedly overcrowded neighborhood schools today, moving up to the junior high grades.

Using chartered buses, the parents sent several hundred of their children out to schools with predominantly white enrollments, adding three schools to the five in which they enrolled 242 children last week when school opened for the new term.

The Negro parents said they were taking advantage of the city's open enrollment policy which enables a child to enroll in any school in the system where there is a vacancy.

No incidents were reported.

The Negro parents, who have been paying for their buses, meanwhile kept up the pressure to have the city school department take over the transportation cost.

# Fish Injures Astronaut In Sealab Tests

LA JOLLA, Calif. (AP) — M. Scott Carpenter — unscratched in three orbits of earth in 1962 as an astronaut—was stung by a scorpion fish during a tricky transfer of crewmen of the Navy's Sealab 2 aquanauts in 205 feet of water.

Plans calling for Carpenter to stay another 15 days in the laboratory on the ocean bottom were almost scuttled as the 40-year-old astro - aquanaut, his left hand and arm swelling painfully, was brought back through Sealab's escape hatch.

Nine aquanauts who had been scheduled to ascend after 15 days underwater postponed their departure while one, a doctor, treated Carpenter with pain-killing drugs and cortisone. He said he wanted to stay.

When Carpenter responded to treatment the nine aquanauts, 75 minutes late, continued the complicated maneuver designed to bring them back to man's normal environment: sea-level pressure and sea-level air.

They were raised to the surface Sunday afternoon in a capsule-like tank which maintained the pressure the crewmen had grown used to in Sealab: seven times that of the surface. The transfer unit was attached to a decompression chamber on the support vessel Berkone on the surface and the pressure slowly decreased.

The nine must spend 36 hours in the decompression unit before they can step out — early Tuesday morning—without suffering the diver's disease, bends, caused by bubbles in the bloodstream.

Nine new crewmen took the place of the men who ascended Sunday.

## Fire Auxiliary Slates Meeting For Industry

The initial meeting of the season for the Industry volunteer fire department auxiliary will be held in the fire hall Tuesday at 7:30 p. m.

Plans for various fall projects will be discussed, including a public card party to be sponsored by the unit Oct. 13 in the fire hall.

Mrs. Ben Montgomery and Mrs. George Brown are co-chairmen of the card party.

the back of the neck. Carol Urie was treated for a bruised left knee.

Urie told police he was halted for a traffic light when his car was hit from the rear. Davis reported he bent over to pick up a package of cigarettes and his car drifted, striking the Urie car.

Davis was charged with driving while intoxicated and failure to stop within the assured clear distance.

Davis, who pleaded guilty, was fined $200 and costs, sentenced to 10 days in the city jail, and had his operator's license suspended for 90 days on the drunk driving charge.

He also was fined $25 and costs for failing to stop in the assured clear distance. He also pleaded guilty to that count.

A Lisbon area youth, injured slightly in a collision Saturday at 11:14 p. m. on Dresden Ave. at 9th St., also was cited on a charge of failure to stop within the assured clear distance.

He is Terry E. Stoll, 19, of Lisbon R. D. 2, driver of a 1962 convertible that hit the rear of a 1959 two-door sedan driven by Sherry Lou Wilson, 16, of the Bell School Rd.

Officers said Stoll was released after treatment at City Hospital for contusions of the chest and possible fractured ribs.

—:—

**THE WILSON** girl said she was halted for a traffic light when her car was hit from the rear. Stoll told officers he attempted to halt, but his car slid and struck the Wilson auto in the rear.

Stoll was fined $15 and costs by Judge Chertoff after pleading guilty.

A man was injured and a youthful driver was cited as an aftermath of a collision Sunday at 10:33 p. m. at E. 5th and College Sts. which demolished two cars, police reported.

James Wallover, 48, of 1033 Ohio Ave. was treated at City Hospital for a small laceration near the right eye after the collision that involved his 1965 model car and a 1951 model coupe operated by John P. Cleland, 17, of Coraopolis, officers said.

Officers listed both cars as a total loss. Cleland was headed north about 30 miles an hour and Wallover was traveling east at 25 miles an hour, officers said. Cleland told officers he "came up a hill and Wallover pulled from a side street and I did not have time to avoid a collision."

—:—

**WALLOVER** reported he pulled away from the traffic light at E. 5th St., but he did not know how the crash occurred. Police cited Cleland for failure to yield the right-of-way.

Two vehicles were damaged in another mishap Sunday at 12:31 p. m. at Washington St. and E. 4th St., officers said.

Involved were a 1965 auto driven by Frank L. Potts, 33, of Longvue Heights and a 1959 two-door sedan driven by Charles Simpson, 21, of 129½ E. Church Ln. Potts was driving a vehicle owned by B. & J. Car & Truck Leasing, Inc., of Salem.

Officers said Potts was driving south on Washington St. and Simpson's car was moving north, preparing to turn west. There was damage to the right front of each vehicle.

Two cars were damaged in a collision on Broadway 50 feet south of E. 6th St. Saturday at 3:02 p. m., officers said.

The crash involved a 1957 four-door sedan driven by Frederick Brandon, 44, of 2045 Ohio Ave. and a 1960 convertible driven by Richard F. Roach, 19, of 700 Riley Ave. and registered in the name of James W. Popp, 1100 Vine St.

Brandon reported his car was halted in traffic when it was hit in the rear. Roach said he had placed his foot on the brake pedal, but it slipped off and allowed the convertible to hit the Brandon car in the rear.

Brandon was examined at the hospital for a possible injury of the right knee.

Roach forfeited a $32.50 bond today on a charge of failing to stop within the assured clear distance.

## Campaign Begun For Vacant Ohio 7th District Seat

SPRINGFIELD, Ohio (AP)—A spirited—though speedy—campaign is under way by six Republicans and two Democrats vying for their party's nomination for the vacant 7th Congressional District seat in a special primary election Sept. 21.

Seven Republicans filed as candidates for the nomination before the Saturday deadline but one, Albert E. Payne of Springfield, was disqualified Sunday by the county election board.

Payne, an industrialist who made three unsuccessful tries for the party's gubernatorial nomination in the 1940s, was disqualified because dates on his declaration of candidacy did not jibe and the petition was notarized by more than one person, board officials said.

The special primary was called by Gov. James A. Rhodes as a first step to picking a successor to the late Clarence J. Brown, veteran Republican who held the seat 27 years before his death Aug. 23.

The Democratic primary will be between Clark County Prosecutor James A. Berry, 35, of Springfield, and Joseph Sheridan, 28, of Fairborn.

## Continuance Granted In Case On Auto's Use

A hearing for a Chester man, accused of driving an auto without the owner's consent, was continued today until Sept. 20 by Municipal Judge Samuel M. Chertoff.

No plea was entered by Charles Gower, 321 Virginia Ave., on the charge filed by Fred Salisbury, owner of National Sales & Service, 1443 Pennsylvania Ave.

The affidavit alleged that on Aug. 28 Gower "did take, drive and operate a 1962 Corvair convertible belonging to National Sales & Service without the consent of the said company." Judge Chertoff set Gower's bond at $500.

# Racial Issue Termed Dead Across South

SEA ISLAND, Ga. (AP) — Change in growth formed the underlying theme of the Southern Governors Conference in its opening session today after Gov. Carl E. Sanders of Georgia had said that racial issues were almost passe in the South.

Governors from Southern and border states appeared to be determined to talk about economic and educational progress of their region rather than the racial question.

A proposal emerging from a preconference meeting Sunday was aimed at unifying Southern governors in trying to land a huge $200-million Atomic Energy Comissiomn laboratory for one of the 17 states.

Sanders, who has been a moderate, said Sunday in a news conference that the South apparently is past the crisis in racial trouble.

"I think that issue is somewhat passe," he said.

Except for persons who try to go outside the law, Sanders said the racial issue in this region is more of a nuisance than a problem. "This is not nearly as much of a problem as the transition from agriculture to an industrial economy," he said.

# Negroes Add Students In Boston Move

BOSTON (AP) — Negro parents expanded their transfer of their children from allegedly overcrowded neighborhood schools today, moving up to the junior high grades.

Using chartered buses, the parents sent several hundred of their children out to schools with predominantly white enrollments, adding three schools to the five in which they enrolled 242 children last week when school opened for the new term.

The Negro parents said they were taking advantage of the city's open enrollment policy which enables a child to enroll in any school in the system where there is a vacancy.

No incidents were reported.

The Negro parents, who have been paying for their buses, meanwhile kept up the pressure to have the city school department take over the transportation cost.

# Fish Injures Astronaut In Sealab Tests

LA JOLLA, Calif. (AP) — M. Scott Carpenter — unscratched in three orbits of earth in 1962 as an astronaut—was stung by a scorpion fish during a tricky transfer of crewmen of the Navy's Sealab 2 aquanauts in 205 feet of water.

Plans calling for Carpenter to stay another 15 days in the laboratory on the ocean bottom were almost scuttled as the 40-year-old astro - aquanaut, his left hand and arm swelling painfully, was brought back through Sealab's escape hatch.

Nine aquanauts who had been scheduled to ascend after 15 days underwater postponed their departure while one, a doctor, treated Carpenter with pain-killing drugs and cortisone. He said he wanted to stay.

When Carpenter responded to treatment the nine aquanauts, 75 minutes late, continued the complicated maneuver designed to bring them back to man's normal environment: sea-level pressure and sea-level air.

They were raised to the surface Sunday afternoon in a capsule-like tank which maintained the pressure the crewmen had grown used to in Sealab: seven times that of the surface. The transfer unit was attached to a decompression chamber on the support vessel Berkone on the surface and the pressure slowly decreased.

The nine must spend 36 hours in the decompression unit before they can step out — early Tuesday morning—without suffering the diver's disease, bends, caused by bubbles in the bloodstream.

Nine new crewmen took the place of the men who ascended Sunday.

## Fire Auxiliary Slates Meeting For Industry

The initial meeting of the season for the Industry volunteer fire department auxiliary will be held in the fire hall Tuesday at 7:30 p. m.

Plans for various fall projects will be discussed, including a public card party to be sponsored by the unit Oct. 13 in the fire hall.

Mrs. Ben Montgomery and Mrs. George Brown are co-chairmen of the card party.

the back of the neck. Carol Urie was treated for a bruised left knee.

Urie told police he was halted for a traffic light when his car was hit from the rear. Davis reported he bent over to pick up a package of cigarettes and his car drifted, striking the Urie car.

Davis was charged with driving while intoxicated and failure to stop within the assured clear distance.

Davis, who pleaded guilty, was fined $200 and costs, sentenced to 10 days in the city jail, and had his operator's license suspended for 90 days on the drunk driving charge.

He also was fined $25 and costs for failing to stop in the assured clear distance. He also pleaded guilty to that count.

A Lisbon area youth, injured slightly in a collision Saturday at 11:14 p. m. on Dresden Ave. at 9th St., also was cited on a charge of failure to stop within the assured clear distance.

He is Terry E. Stoll, 19, of Lisbon R. D. 2, driver of a 1962 convertible that hit the rear of a 1959 two-door sedan driven by Sherry Lou Wilson, 16, of the Bell School Rd.

Officers said Stoll was released after treatment at City Hospital for contusions of the chest and possible fractured ribs.

—:—

THE WILSON girl said she was halted for a traffic light when her car was hit from the rear. Stoll told officers he attempted to halt, but his car slid and struck the Wilson auto in the rear.

Stoll was fined $15 and costs by Judge Chertoff after pleading guilty.

A man was injured and a youthful driver was cited as an aftermath of a collision Sunday at 10:33 p. m. at E. 5th and College Sts. which demolished two cars, police reported.

James Wallover, 48, of 1033 Ohio Ave. was treated at City Hospital for a small laceration near the right eye after the collision that involved his 1965 model car and a 1951 model coupe operated by John P. Cleland, 17, of Coraopolis, officers said.

Officers listed both cars as a total loss. Cleland was headed north about 30 miles an hour and Wallover was traveling east at 25 miles an hour, officers said. Cleland told officers he "came up a hill and Wallover pulled from a side street and I did not have time to avoid a collision."

—:—

WALLOVER reported he pulled away from the traffic light at E. 5th St., but he did not know how the crash occurred. Police cited Cleland for failure to yield the right-of-way.

Two vehicles were damaged in another mishap Sunday at 12:31 p. m. at Washington St. and E. 4th St., officers said.

Involved were a 1965 auto driven by Frank L. Potts, 33, of Longvue Heights and a 1959 two-door sedan driven by Charles Simpson, 21, of 129½ E. Church Ln. Potts was driving a vehicle owned by B. & J. Car & Truck Leasing, Inc., of Salem.

Officers said Potts was driving south on Washington St. and Simpson's car was moving north, preparing to turn west. There was damage to the right front of each vehicle.

Two cars were damaged in a collision on Broadway 50 feet south of E. 6th St. Saturday at 3:02 p. m., officers said.

The crash involved a 1957 four-door sedan driven by Frederick Brandon, 44, of 2045 Ohio Ave. and a 1960 convertible driven by Richard F. Roach, 19, of 700 Riley Ave. and registered in the name of James W. Popp, 1100 Vine St.

Brandon reported his car was halted in traffic when it was hit in the rear. Roach said he had placed his foot on the brake pedal, but it slipped off and allowed the convertible to hit the Brandon car in the rear.

Brandon was examined at the hospital for a possible injury of the right knee.

Roach forfeited a $32.50 bond today on a charge of failing to stop within the assured clear distance.

## *Arizona Asks Murder Trial For Ohio Girl*

FLAGSTAFF, Ariz. (AP) — The 16-year-old daughter of an Ohio minister will learn today if she must face murder charges with her boy friend.

Dixie Radcliff, one of 10 children of the Rev. and Mrs. Pearl Radcliff of Amesville, faces a closed juvenile hearing in which Coconino County Atty. Jerry L. Smith said he will ask that she be tried as an adult.

Ex-convict Donald M. Boggs, 23, with whom she was traveling, has waived preliminary hearing on murder charges in two of four deaths linked to him in three states. He was to be arraigned today.

Boggs was released in June from a federal reformatory in Chillicothe, Ohio, where he served two years for transporting a stolen car across state lines.

Although authorities say Boggs admitted four killings, he is only charged with the slayings of Halvor Johnson, 28, and Robert Willis, 23, of Newport, N. H., near Ash Fork, Ariz.

Boggs and the girl were arrested in Flagstaff last Thursday. They left Ohio Aug. 27 after telling her parents they were going for ice cream cones.

## Committee Study Set In Bus Drivers Strike

BURGETTSTOWN — Two committees, one consisting of school bus drivers and the other of School Board members of the Burgettstown area, were appointed to study the grievances of the striking bus drivers at a meeting held by the drivers and the school board Sunday in the district high school.

**License Also Suspended**

# Youth Gets 10-Day Term On Drunk Driving Case

A Negley area youth was fined and jailed and lost his driver's license for 90 days on a charge of driving while under the influence of alcohol and an Irondale youth had his operator's permit suspended for 100 days on a speeding charge today in Municipal Court.

Russell E. Reynolds of Negley R. D. 1 was fined $200 and costs, sentenced to 10 days in the County Jail at Lisbon and had his driver's license suspended when he appeared before Judge Samuel M. Chertoff.

Judge Chertoff also ordered Reynolds to pay court costs on a charge of driving with expired 10-day tags and dismissed a charge of driving without an operator's permit.

The court had entered innocent pleas for Reynolds on the charges of driving while under the influence and no operator's permit and the defendant pleaded guilty to the illegal registration count.

After considerable discussion, Judge Chertoff accepted Reynolds' claim that he had an Ohio license although it wasn't produced in court. However, he had a California operator's license.

The Negley man insisted he had secured an Ohio permit several months ago after being arrested for driving without an operator's permit. The judge then ordered the dismissal of the new charge of driving without a license and tacked the 90 - day suspension onto the drunk driving charge.

Scott Raymond Clutter, 19, of Irondale R. D. 1 had his license suspended for 100 days and was ordered to pay the costs on a charge filed by State Highway Patrolman J. T. Garrison charging the defendant drove 100 miles an hour in a 50-mile zone on the East Liverpool - Wellsville Rd. He pleaded guilty.

In an unsworn statement to the court, the officer said he was turning at Silver Switch to pursue an auto that was traveling at a high rate of speed when Clutter went past at an even greater speed.

The officer said he traveled in excess of 105 miles an hour before catching up with Clutter and obtaining a clock on his speed. When stopped, the defendant said he was traveling about 70, Patrolman Garrison informed the court.

A hearing for Edward C. Loy, 1063 St. George St., on a reckless driving charge was continued until Thursday at 9 a. m. after Atty. George Aronson, defense counsel, requested time to consult with his client.

Loy was cited Friday afternoon by police after demolishing his 1965 compact on the River Rd.

Donald L. Black, 2314 Harvey Ave., was fined $25 and costs on a charge of speeding 70 miles an hour in a 45-mile zone on Route 30 near Apples Corners. Black was cited Sept. 4 by the patrol.

Arnold E. Lawson of Pittsburgh forfeited a $17.50 bond on a charge of passing over a double yellow line at a hill crest. He was cited Sunday at 8:50 p. m. on Route 30 by the patrol.

# Women Will Push Protest On Weeds At Market Site

Irate housewives from the Minerva and Sophia Sts. neighborhoods said today they plan to continue picketing two entrances to Loblaw's, Inc., Bradshaw Ave. store until high weeds are cleared from the bank and sidewalk on the Minerva St. side of the tract.

Mrs. Larry Finlay, 709 Sophia St., a spokesman for the housewives who protested to City Council Tuesday, said picketing was called off today because of the rain and the realization that the weeds couldn't be cut because of the wet weather.

When the weather clears, Mrs. Finlay said, picketing will continue until the condition, which she termed "terrible", is remedied.

The picketing started Saturday with the women carrying signs at the Minerva St. and Bradshaw Ave. entrances to the store. One of the signs read "An Ugly City Is One That Will Decline and Die."

Mrs. Finlay said she and a neighbor, Mrs. Earl Spencer, went to the store Saturday night, but were informed that neither the manager nor assistant manager were there.

One councilman drove past the pickets Saturday but did not stop and no other city officials appeared, she said. Safety-Service Director Robert E. Vodrey said he did not learn of the picketing until Sunday morning.

The director said he was informed by Councilman Robert W. Sample that store officials had promised to clean up the bank and sidewalk.

Sample had told the delegation at Council's meeting that he would contact store officials.

Mrs. Finley said she had not been contacted by the councilman, but that Councilman James Cunningham went to the store Thursday night when trash was being burned and informed the women that store officials had told him the weeds would be mowed last Friday.

When appearing before Council, the women claimed the weeds were infested with rats, were a source of pollen afflicting hayfever sufferers, and were unsightly to the neighborhood.

## Gunmen Get $775

HAMILTON, Ohio (AP) — A Hamilton woman spent seven hours Sunday with her ankles and wrists taped while two masked gunmen waited for her husband to arrive home.

The husband was bound in a similar manner and the couple was robbed of $410 in cash, a watch valued at $365 and a diamond ring worth $900, police said. The thieves also took three pistols.

# Driver Cited As Auto Hits, Injures Boy

A city boy was hospitalized with injuries suffered when struck by a car Saturday at 2:15 p. m. on Anderson Blvd. north of the city limits, according to the State Highway Patrol at Lisbon.

Lawrence Armstrong, 11, son of Lloyd Armstrong, 188 Beechwood Ave., suffered a fractured right leg when struck by a car driven by Gary Lee Horner, 16, of 135 Beechwood Ave.

Officers said the Armstrong boy was pushing a bicycle at the time. Horner, headed east, rounded a curve and hit him. Horner was cited for speed in excess of road and weather conditions.

The boy was taken to City Hospital and later transferred to Rochester General Hospital for further treatment.

Officers investigated four other area accidents over the weekend.

Shirley June Burchett, 32, of Maine Blvd. escaped injury when her car hit a guardrail and six barrels being used for a barricade at a construction site on Route 30 almost a mile north of Route 170 Sunday at 6:20 p. m.

The woman came over the crest of a hill, rammed the guardrail and then hit the barrels, officers said. She was cited for failure to obey a detour sign.

Cars operated by Alfred L. Carlisle, 54, of Grant St., Lisbon, and Margaret A. Shultz, 19, of Leetonia R. D. 1 were involved in a collision Sunday at 2 p.m. on County Rd. 416 a mile and two - tenths north of Route 164.

Miss Shultz pulled from a side road into the path of the oncoming Carlisle car and was struck broadside, officers said. She was cited for failure to yield the right-of-way. She received lacerations of the forehead, arms and right knee.

A car operated by William J. Faloon, 35, of Youngstown sheared off a power pole along Route 7 three and a half miles south of Rogers Sunday at 6:45 a. m. He lost control on the wet pavement and went off the left side.

Faloon suffered abrasions and lacerations. He was cited for speed in excess of road and weather conditions.

A car driven by Jerry Pennybaker, 16, of R. D. 2 was hit in the rear by another operated by Michael Edward Mays, 21, of R.D. 1 Saturday at 3:30 p.m. on Route 170 just over a mile north of Route 30.

Pennybaker had stopped to pick up two hitch-hikers. He was cited for improper signaling. The two hitch-hikers were cited to Juvenile Court.

# New Miss America Has Freckles, Fine Figure

ATLANTIC CITY, N.J. (AP) —When Deborah Bryant was 12 years old, she was chubby and had freckles. The Kansas beauty still has the freckles but today she reigns as Miss America in slim loveliness.

"I work quite hard at keeping my figure," said Debbie, 19, a resident of Overland Park, a Kansas City suburb. "I just love hamburgers. Eat them all the time."

The 5-foot-7 beauty molds 115 pounds into a nonchubby 36-23-36 figure.

"I do exercises every morning mostly for my legs and hips," she said.

Miss Bryant was selected Saturday night over 49 other girls. They had competed for three days in evening gowns, swim suits and talent.

She won a $10,000 scholarship, an estimated $80,000 in personal appearance contracts and an opportunity to travel some 250,000 miles.

Miss Mississippi, Patricia Puckett, 20, of Columbus, came in second; Miss Indiana, Eileen Smith, 18, of Indianapolis, was third; Miss Florida, Carol Blum, 21, of Miami Beach, fourth, and Miss Wisconsin, Sharon Singstock, 20, of Oshkosh, fifth.

## Driver, 29, Charged After Hancock Crash

NEW CUMBERLAND — No one was injured but a motorist was cited as the result of a two-car collision on Clifton Hill, just north of New Cumberland, about 3 p.m. Sunday, Police Chief William Webster reported today.

An auto operated by Harry M. Jordan, 29, of Worthville, Pa., was descending the hill at high speed when the motorist lost control, the vehicle skidding off the road, striking an embankment and bouncing back to strike the oncoming car driven by Stewart A. Ewing, 48, of Pughtown.

Jordan was charged with failure to have his vehicle under control. Webster estimated $700 total damage to the autos.

## Strike Vote Approved

LORAIN, Ohio (AP) — The 4,300-member Local 425 of the United Auto Workers has authorized its negotiators to call a strike at the Ford assembly plant here if they deem it necessary to force a settlement of grievances. Authorization to call a walkout was made by show of hands at a meeting of about 1,000 UAW members Sunday.

## Noted Actor Due Award For Work In Cancer Drive

NEW YORK (AP) — Actor William Gargan, robbed of his career by cancer five years ago, is being honored for his real-life role of helping other victims.

His larynx and vocal chords were removed in 1960 and with it went the voice made familiar by 35 years on the stage, movies and television. As "Martin Kane" he was one of the first television private eyes.

Gargan, 60, learned to talk again by swallowing air and releasing it to vibrate the esophagus. Since then he has traveled for the American Cancer Society, encouraging other victims and greeting volunteer fund raisers with "thank you for saving my life."

Dr. Charles W. Mayo of Rochester, Minn., said Sunday night that Gargan will be presented the Mutual of Omaha Criss award Oct. 26 at a banquet in Beverly Hills, Calif.

## Utility To Make Slight Reduction In Gas Rate

Natural gas rates will be reduced thirty - eight hundredths of a cent per 1,000 cubic feet in East Liverpool and 17 other area communities effective Sept. 24, the Ohio Valley Gas Co. announced today.

The reduction comes under provisions of the fuel cost clause in the gas rate ordinance adopted by the community earlier this year.

Other area towns receiving the reduction are: Wellsville, Bellaire, Bridgeport, Brilliant, Brookside, Clarington, Empire, Martins Ferry, Rayland, Richmond, Shadyside, Steubenville, Stratton, Tiltonsville, Toronto, Wintersville and Yorkville.

## New Waterford Girl Wins State 4-H Event

LISBON — The state 4-H office in Columbus has announced that Carolyn Fitzsimmons of New Waterford R. D. 1 is a state winner in the "Inside the Home" demonstration division.

Carolyn, daughter of Mr. and Mrs. Ralph Fitzsimmons, was one of six winners in the "Inside the Home" division, competing against approximately 200 other young people in this class representing all 88 counties in Ohio.

She will receive a 4-H clock trophy presented by the Ohio State Fair. Mrs. Helen Lindsay and Mrs. Kathryn Spillman, both of New Waterford, are advisers for the Peppy Pals 4-H Club of which Carolyn is a member.

# Woman Flees Lisbon Blaze

LISBON — Mrs. Norman Souder was evacuated from a second-floor apartment Saturday night when fire broke out at the Lisbon Recreation Center, 120 S. Market St., a pool room.

Firemen said a smoldering cigar or cigarette in a trash can may have touched off the blaze. The fire was reported in an anonymous telephone call at 11:58 p. m.

Although most of the damage was near the front of the building along the north wall, dense smoke filled the apartments upstairs.

Mrs. Souder is staying temporarily with her son, Earl, on East Liverpool Rd. A check revealed that the young couple on the third floor, Mr. and Mrs. Clark Wolf, were not at home at the time. The pool room closed at 10.

Carmen Ieropoli, co-owner of the building with his brother, Nick, said the building was insured but he added that he was not sure if the equipment in the pool room was included in the policy. Ieropoli could give no immediate estimate of the loss.

Firemen today have fans in the back of the building in an effort to get the smoke out of the structure.

## Homemaker's Group To Meet On Thursday

LISBON — New programming plans for the extension home economics program will be discussed Thursday at a meeting of the Columbiana County Extension Homemaker's Council at Theron's Country Store near Columbiana.

Other items for discussion will be plans for the Christmas-at-Home Tea and the Columbiana County Family Living Study.

The business meeting will begin at 10 a. m. with Mrs. Ben Smith, chairman, presiding.

# *Ike Weighed Quitting After Stroke In '57*

NEW YORK (AP) — Dwight D. Eisenhower said that after his stroke in 1957 he considered resigning as president because of doubts that he could bear the burden of office, the New York Times said today.

The former president made the disclosure in his new book, "Waging Peace, 1956-1960," the second volume of his presidential memoirs, "The White House Years," and expanded on it in an interview at Gettysburg, Pa., with Times reporter Robert H. Phelps.

He recalled that he had told only his wife, his son, his doctor and close associates of a plan to test his capacity to carry on after the stroke.

The test he set for himself was to attend, over the protests of doctors, family and friends, a conference of the North American Treaty Organization in Paris. If he could successfully participate in the strenuous activities he would stay on as president. Otherwise he would resign.

The book describes how the president passed his self - imposed test.

# Out Of The Air

By HAL HUMPHREY

## *'F Troop'? Ask Tucker!*

If a ridiculous new comedy called "F Troop," which explodes on ABC's network Tuesday, isn't the hit of the season, then somebody's name isn't Forrest Tucker.

Hal Humphrey

"When we shot the pilot film for this thing in December, I said to the rest of the cast 'Don't worry, we're in,' and right after that it was sold," booms the formidable Forrest Tucker, who plays Sgt. Morgan O'Rourke in "F Troop."

"I've been around awhile and I think I know what audiences like. 'F Troop' will be a big success, believe me," adds the confident Tucker.

-:-

**WARNER BROS.**, producers of this post-Civil War cavalry shambles, mailed an "F Troop" script to Tucker in Chicago where he had a talk show on radio station WCFL every weekday for three hours.

"I knew what they were looking for — another Victor McLaglen — but he ain't around any more and neither is Wally Beery, Walter Houston or Ward Bond. No, sir, not many of us big blustery guys left, I guess. But when I read that script, I told Warners I'd be there."

Tucker had left Hollywood in 1958 to take the lead in the national company tour of "Music Man" which lasted three years and eight months. This year was the first since then that he hasn't gone into summer theater with it.

-:-

**THOSE 2,008** performances of "Music Man" did a lot for Tucker's career and the man himself.

"I love Hollywood, but I left because nothing was happening. They couldn't see me here any more. Gee! It's good to be back. This is my home!" Tucker almost shouts.

He was waving his arm across the fairways at Lakeside Golf Club, which is only a drive and a 7-iron from the main gate at Warner Bros. Tucker's membership at Lakeside is 28 years in good standing. He has his own electric golf cart on which are painted the names of 20 close buddies.

"When you have your name on my cart," explains Tucker, "it gives you rights to the bar and to drive the cart."

-:-

**TUCKER'S** allegiance to old friends is a story unusual in present-day Hollywood where most friendships are as temporary as a studio option.

Bob Steele, the former cowboy star and a close friend of Tucker's, is a regular in "F Troop" as Trooper Duffy. Buddy Rogers, Phil Harris, George Gobel and Dennis O'Keefe are sure to wind up as guest stars on the series any time they feel like it.

"We've been hanging around together for 25 years, and that's why I was so glad to get back. I might not have taken the job, though, if it hadn't been at Warner's. I want to spend my time here, home and at Warner's and all three are virtually in the same block."

# Bringing Up A Family

By Dr. GARRY MYERS

## *Teaching Child Sounds Can Be Fun*

Many little children beginning speech may name the sound of an object or creature instead of giving its real name; ticktock, ba - ba, moo - moo, bow - wow, meow. Often they themselves choose these words, though they sometimes merely imitate an older person who says them. The child may choose on his own accord to imitate the sound of the hissing radiator or the sound of the wind. As he does so he practices on the sound of s or the sound of wh.

Dr. Garry Myers

As soon as your child beginning speech starts to imitate words you say, he and you can have a great deal of fun together. Go about the house touching objects and saying their names: dish, desk, door; book, bed, ball; can, coat, cup. Urge him to say them after you.

—:—

AS YOU see, the words in the suggested group start with the same sound. In this way you can interest him in hearing and making sounds.

It would be well to limit the exercise to real things he can see and touch. Next you might do the same with pictures of objects whose names he knows. After that you might say groups of other words with like beginnings: big, bang, board, back; dig, dog, dance, dark. (A good variation would be to name an action as you practice it: hit, rub, pour, cut, write.)

Still later you might touch several objects or their pictures in a group which rhyme, as can, pan, fan; doll, ball, wall; boat, coat, goat. Next say rhyming words not pictured: see, bee, me; hat, fat, pat; go, toe, show; good, wood, hood.

Before long he may want to say some words which rhyme with a word you say. All the foregoing exercises also might be great fun for the child four or five years ago.

—:—

**MOREOVER**, some or all the foregoing exercises might be interesting and very helpful to the child who, at four, six or seven, does not speak plainly. As you know, some children substitute sounds — h for s in sal; W for l in love; f for th in thing. Such exercises may not make the little child as self-conscious as our saying the right sound of the word after he has said it wrongly.

Notice that there are no printed words in connection with the foregoing exercises. The child merely gets the sound in connection with the object, pictures or activity. After he has enjoyed many such exercises and has, as in the first grade, learned the names of letters, we can extend these exercises so as to help him associate the letters with their ters of familiar words.

sounds, especially the initial let-

Using pictures, we can print plainly or type under each picture the word saying it. But we would group these pictures and their names so that those for example, beginning with the same letter, would appear together: box, boat, bed, bug, bag; can, cart, cat, cap, coat.

—:—

**FROM** pictured words beginning with one letter and its sound, we might go on to pictured words which begin with a blend: stove, stick, stork; clown, clock, claw; train, trap, tray.

After we had practiced with pictures, the child might name groups of words, not all easily pictured, beginning with a certain blend.

Of course, we can do most to help the young child hear and make sounds of words when we read a great deal to him, enunciating distinctly as we do. Nursery rhymes are helpful. After reading one several times we might pause when coming to the rhyming word and let the child give it.

## Senator Urges Funds To Protect Resources

LIMA, Ohio (AP)—Sen. Gaylord Nelson, D-Wis., claims that America has done more to spoil its water, soil, forests, minerals, air and scenic beauty than "any other nation in the history of the world." And he is proposing a $15 billion to $100 billion federal program of grants and tax rebates to industries and cities to assist in restoring natural resources.

Addressing Democrats at the annual Allen County Ox Roast Sunday night, Nelson said he feels this is more important than any other domestic issue facing the nation. And the cost, he said, would amount to "only one or two years' defense budget."

## *Gunman Hunted At Cleveland For Ballroom Killing*

CLEVELAND (AP) — Police today sought an unidentified man who opened fire in a crowded dance hall, killing one man and wounding another.

The shooting was triggered by one couple bumping accidentally into another on the dance floor at the Circle Ballroom, police said.

Theodore Acree, 29, of Cleveland, who was involved in the bumping, was hit by bullets in both elbows when the man pulled a .22-caliber revolver and opened fire.

Police said it apparently was a stray bullet that killed William Lloyd, 26, of Cleveland.

While dancers on the floor surged towards the shooting scene, the gunman and his dancing partner left the hall.

## Ohio Sued By Builder In Construction Work

COLUMBUS, Ohio (AP)—The state has been sued for $428,184 by a Toledo contracting firm, Lathrop Co., which worked on the new Bureau of Unemployment Compensation Building in downtown Columbus.

Lathrop charges that sub-soil conditions under the building were not as they were represented and that the company had to spend 30 times more than originally estimated to construct the foundation.

By HAL HUMPHREY

## *'F Troop'? Ask Tucker!*

If a ridiculous new comedy called "F Troop," which explodes on ABC's network Tuesday, isn't the hit of the season, then somebody's name isn't Forrest Tucker.

**Hal Humphrey**

"When we shot the pilot film for this thing in December, I said to the rest of the cast 'Don't worry, we're in,' and right after that it was sold," booms the formidable Forrest Tucker, who plays Sgt. Morgan O'Rourke in "F Troop."

"I've been around awhile and I think I know what audiences like. 'F Troop' will be a big success, believe me," adds the confident Tucker.

-:-

**WARNER BROS.**, producers of this post-Civil War cavalry shambles, mailed an "F Troop" script to Tucker in Chicago where he had a talk show on radio station WCFL every weekday for three hours.

"I knew what they were looking for — another Victor McLaglen — but he ain't around any more and neither is Wally Beery, Walter Houston or Ward Bond. No, sir, not many of us big blustery guys left, I guess. But when I read that script, I told Warners I'd be there."

Tucker had left Hollywood in 1958 to take the lead in the national company tour of "Music Man" which lasted three years and eight months. This year was the first since then that he hasn't gone into summer theater with it.

-:-

**THOSE 2,008** performances of "Music Man" did a lot for Tucker's career and the man himself.

"I love Hollywood, but I left because nothing was happening. They couldn't see me here any more. Gee! It's good to be back. This is my home!" Tucker almost shouts.

He was waving his arm across the fairways at Lakeside Golf Club, which is only a drive and a 7-iron from the main gate at Warner Bros. Tucker's membership at Lakeside is 28 years in good standing. He has his own electric golf cart on which are painted the names of 20 close buddies.

"When you have your name on my cart," explains Tucker, "it gives you rights to the bar and to drive the cart."

-:-

**TUCKER'S** allegiance to old friends is a story unusual in present-day Hollywood where most friendships are as temporary as a studio option.

Bob Steele, the former cowboy star and a close friend of Tucker's, is a regular in "F Troop" as Trooper Duffy. Buddy Rogers, Phil Harris, George Gobel and Dennis O'Keefe are sure to wind up as guest stars on the series any time they feel like it.

"We've been hanging around together for 25 years, and that's why I was so glad to get back. I might not have taken the job, though, if it hadn't been at Warner's. I want to spend my time here, home and at Warner's and all three are virtually in the same block."

# Bringing Up A Family

By Dr. GARRY MYERS

## *Teaching Child Sounds Can Be Fun*

Many little children beginning speech may name the sound of an object or creature instead of giving its real name; ticktock, ba - ba, moo - moo, bow - wow, meow. Often they themselves choose these words, though they sometimes merely imitate an older person who says them. The child may choose on his own accord to imitate the sound of the hissing radiator or the sound of the wind. As he does so he practices on the sound of s or the sound of wh.

**Dr. Garry Myers**

As soon as your child beginning speech starts to imitate words you say, he and you can have a great deal of fun together. Go about the house touching objects and saying their names: dish, desk, door; book, bed, ball; can, coat, cup. Urge him to say them after you.

—:—

**AS YOU** see, the words in the suggested group start with the same sound. In this way you can interest him in hearing and making sounds.

It would be well to limit the exercise to real things he can see and touch. Next you might do the same with pictures of objects whose names he knows. After that you might say groups of other words with like beginnings: big, bang, board, back; dig, dog, dance, dark. (A good variation would be to name an action as you practice it: hit, rub, pour, cut, write.)

Still later you might touch several objects or their pictures in a group which rhyme, as can, pan, fan; doll, ball, wall; boat, coat, goat. Next say rhyming words not pictured: see, bee, me; hat, fat, pat; go, toe, show; good, wood, hood.

Before long he may want to say some words which rhyme with a word you say. All the foregoing exercises also might be great fun for the child four or five years ago.

—:—

**MOREOVER**, some or all the foregoing exercises might be interesting and very helpful to the child who, at four, six or seven, does not speak plainly. As you know, some children substitute sounds — h for s in sal; W for l in love; f for th in thing. Such exercises may not make the little child as self-conscious as our saying the right sound of the word after he has said it wrongly.

Notice that there are no printed words in connection with the foregoing exercises. The child merely gets the sound in connection with the object, pictures or activity. After he has enjoyed many such exercises and has, as in the first grade, learned the names of letters, we can extend these exercises so as to help him associate the letters with their sounds, especially the initial letters of familiar words.

Using pictures, we can print plainly or type under each picture the word saying it. But we would group these pictures and their names so that those for example, beginning with the same letter, would appear together: box, boat, bed, bug, bag; can, cart, cat, cap, coat.

—:—

**FROM** pictured words beginning with one letter and its sound, we might go on to pictured words which begin with a blend: stove, stick, stork; clown, clock, claw; train, trap, tray.

After we had practiced with pictures, the child might name groups of words, not all easily pictured, beginning with a certain blend.

Of course, we can do most to help the young child hear and make sounds of words when we read a great deal to him, enunciating distinctly as we do. Nursery rhymes are helpful. After reading one several times we might pause when coming to the rhyming word and let the child give it.

## Sen. King Hails Move Set By Building Union

TOLEDO, Ohio (AP) — State Sen. Frank W. King, D-Toledo, who also is president of the Ohio AFL-CIO, has lauded the decision by the Ohio Building and Construction Trades Council to affiliate with his organization.

Affiliation with the AFL-CIO as voted at a meeting here Friday was for the Building Trades Council—membership 48,000 — only, but wholesale affiliation of member unions is expected by building tradesmen now that the parent unit has joined. That would take in another 50,000 workers.

## Through Good Front-Yard Fence

# Country Privacy Offered For That In-Town House

City living is great — if you can transfer country privacy to an intown house.

A tough formula? Not really. You just need the courage to build a good front yard fence.

The idea isn't novel. Nor is it new. Many homes built today take their cue from the tradition of European residences where privacy is absolute within the home and insured by high walls around the property line.

—:—

**TRANSLATED** to the American, the high walls become a courtyard fence which does the same job on more friendly terms. The fence most often is wood, presenting a cordial appearance compared with the forboding "Keep Out" sign woven into the traditional European stone or brick wall.

The courtyard fence also will be more friendly in appearance if the gate is eliminated. It can be done, without loss of privacy, by turning the fence on either side of the front walk, bringing it back towards the house several feet as a walkway border.

Or the two halves of the court screen can be offset, ends overlapping, with the walk passing between them at an angle. In either case, a view from the outside is directed into a narrow, straight line regulated by the fence itself.

Always the best courtyard screens are tied to the house through basic design and finish. A house with vertical tongue-and-groove siding, board - and-batten, vertical channel or bevel can use any variation of the vertical board fence.

A good, simple pattern groups three 1-by-4 or 1-by-6 inch boards together in panels, with panels separated by the introduction of a 1-by-4 set edge out to form a thin line of shadow and dimensional relief.

If the 1-by-4s on edge are cut to project three inches above the top edge of the panels, another fine point of relief is created —without gimmick.

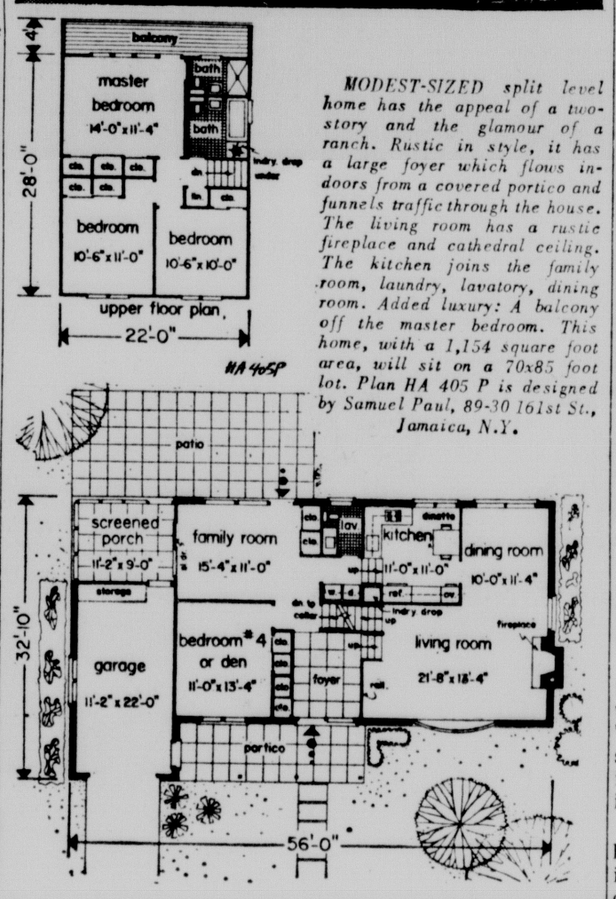

**NEARLY ANY** basic fence pattern can be altered to serve the purpose, including the more open styles which are desirable for hot and humid climates. An open pattern must combine with bushy shrubbery, however, to achieve screening effect, but can work well while encouraging air circulation.

Finish is of top importance in relating the courtyard wall to the house. If the house has resawn siding stained a natural wood shade, the court screens must repeat the texture and color. For a traditional white-painted house or a brick house with white wood trim, a smooth-surfaced fence painted white is best by far.

Once the courtyard fence is up, members of the family will find a whole new dimension in living. They will be able to develop their front yard for living and to open windows to capture a newly - created garden view at the front.

When handled properly, a courtyard fence always gives a feeling of freedom and openness rather than of enclosure.

*MODEST-SIZED split level home has the appeal of a two-story and the glamour of a ranch. Rustic in style, it has a large foyer which flows indoors from a covered portico and funnels traffic through the house. The living room has a rustic fireplace and cathedral ceiling. The kitchen joins the family room, laundry, lavatory, dining room. Added luxury: A balcony off the master bedroom. This home, with a 1,154 square foot area, will sit on a 70x85 foot lot. Plan HA 405 P is designed by Samuel Paul, 89-30 161st St., Jamaica, N.Y.*

## Good Lights Should Mean Better Grades

By ANDY LANG
AP Newsfeatures

Johnny and Jane often come home from well-lighted classrooms to study areas that don't even approach minimum requirements for comfortable "eye-work."

Industry has learned that better lighting can be the key to greater efficiency, higher productivity and fewer accidents.

Modern schools, too, have provided their students with scientifically engineered lighting to enable them to perform at their best. But many of these same children return to their homes to continue their studies in drably lighted, makeshift quarters.

There are many scientists who contend that children with quiet, private and well - lighted study areas perform their homework more willingly and with better results than those lacking such conditions, even when the latter group might normally do better work in the classrooms.

Parents haven't been entirely to blame, either. At least, not where lighting is concerned. There simply hasn't been any simple way to determine what is and what isn't proper lighting for home study.

And few persons are going to hire lighting engineers to come in and make recommendations on what types of lamps to purchase and where to place them for maximum results.

Now, however, through the combined efforts of the Better Light-Better Sight Bureau, the Illuminating Engineering Society, Electrical Testing Laboratories Inc. and the lamp manufacturers, breakthroughs in this area have been achieved.

A national program has been launched to promote public awareness of the need for proper study lighting.

Engineers and designers have developed new light control devices that will do the job — and manufacturers are producing them according to rigid specifications.

Such study lamps carry blue tags certifying that they have met these specifications and have the endorsement of the Better Light-Better Sight Bureau, a nonprofit educational association.

There is no certainty that youngsters will find it any easier to do their homework solely because of better lighting, no matter what the scientists say.

But it is good to know that parents concerned about the situation now have some reasonable sure method of selecting proper lighting equipment for Johnny and Jane.

## Charges Studied In Death Of Wife

ELYRIA, Ohio (AP)—Hammer blows and knife wounds have proved fatal to a Columbia Station mother of six, and the Lorain County prosecutor considered new charges today against her husband, who spent the weekend in jail on an assault charge.

Mrs. Betty Netzel, 37, was beaten and stabbed Friday at her home where she had been sleeping on a living room sofa. Her skull was fractured and she died Sunday morning.

Her two oldest children, Jeffrey, 17, and Harry, 16, were wounded, neither seriously. Harry was struck by a hammer, and his screams awakened Jeffrey, who was stabbed on the arms in overpowering his father, Joseph, 38, sheriff's deputies said.

## Tips For Building-It-Yourself

By VIVIAN BROWN
AP Newsfeatures Writer

Outdoor decoration is getting to be as much fun as indoor decoration. But what a strain on the do-it-yourselfer.

Since flowers, bushes and trees can't be moved around like furniture, something has got to happen. So gizmos are being added all over the place. Some workers are tired of it all.

"How do you get your man's interest reactivated?" asks a woman.

"All I want is a couple of simple little jobs, but he insists it is cheaper to hire someone to do the work. I'd like to get some kind of contraption at our swimming pool so we could change clothes without walking up to the house and tracking in water over the floors. But I don't see much point in spending a fortune to have a little project built."

—:—

SOMETIMES it costs a do-it-yourselfer more to do a small project than it is worth.

He must measure it in terms of value he puts on his own time, his own experience and how fast he can work. If do-it-yourself is a hobby, fine. But if it is a chore, he saves little if he winds up with an amateurish job. He loses relaxation time and may even become resentful about the whole deal.

There are shortcuts to some projects, such as the pool dressing room.

One family was taken over an unused child's play fort, the tall kind without roof.

They've remodeled it, added a roof, painted it pink and now they have a very classy dressing room. It is roomier than most with a chair and small dressing table. Hooks on the wall provide hanger space.

Seasoned home builders take home improvements jobs in stride, and sometimes they overdo it.

One woman's complaint is twofold: her husband spends too much time building all sorts of things she claims they really don't need, and secondly she worries for his health, doing strenuous jobs in the heat.

—:—

"HIS CURRENT project is building a dog run," she points out. "It is true that he will save $100 on the job, considering the estimates we have been given. But I wonder whether he isn't losing the hundred, healthwise. He huffs and puffs and complains after every session of digging with the posthole digger he uses to make holes for the stanchions. After that, he must align the chain fencing, and so on. I would advise anyone trying this type of project to get some help. Our dog was very happy in the house anyway. He didn't really need a dog run," she says.

Anyone who wants to goof off for a season, might try projects that require creative ideas that involve very little work but could be a testimonial to his own genius.

One man put all his wife's plants on wheels. Simple low little redwood dollies were put under the heavy potted trees and plants he hated to move from living room to terrace.

Now he just wheels them out, and at season's end will wheel them back into the house. That way, he says, plants can be put out on really good days and scooted back in when the weather gets raw.

Another idea could be making little garden benches with a slab of white marble put over two ends of cinder block painted bright white. If the right proportions are used, one can turn out a handsome garden bench.

## Tips Are Offered When Putting Up Plywood Sheets

Question: In finishing an extra room to a house we bought a few years ago, I would like to use plywood sheets, some of the 4-by-8 size, some of the 4-by-4 size.

I did something similar to this in a house we had some years back and attached the plywood to the studs with nails, filling the nail holes with wood putty.

A neighbor tells me I can eliminate the job of filling nail holes by attaching the plywood with adhesive. What is your advice?

Answer: Your neighbor is correct in saying that the use of nails will be eliminated if you attach the plywood with adhesive, especially if you use contact cement or one of the modern glues which grip the wood so securely as to be considered a permanent bond.

But there are other factors to consider. One is that handling 4-by-8 sheets by yourself can be quite a task when using adhesive rather than nails. Since contact cement, as the name implies, makes instantaneous contact and cannot be shifted, you would have to be 100 per cent certain each sheet was placed perfectly the first time. This requires extreme care even when the plywood is handled by two persons. It is very difficult to do alone.

If you have help, by all means use the adhesive. If not, better stay with the nails, especially since you have had experience in making the attachments that way.

Incidentally, some of the textured surfaces now available in plywood make it possible to nail lathe wood into place without the nailheads being conspicuous..

## Charges Studied In Death Of Wife

ELYRIA, Ohio (AP)—Hammer blows and knife wounds have proved fatal to a Columbia Station mother of six, and the Lorain County prosecutor considered new charges today against her husband, who spent the weekend in jail on an assault charge.

Mrs. Betty Netzel, 37, was beaten and stabbed Friday at her home where she had been sleeping on a living room sofa. Her skull was fractured and she died Sunday morning.

Her two oldest children, Jeffrey, 17, and Harry, 16, were wounded, neither seriously. Harry was struck by a hammer, and his screams awakened Jeffrey, who was stabbed on the arms in overpowering his father, Joseph, 38, sheriff's deputies said.

# Pass Interceptions Lead To Potters 40-8 Win In Opener

## ELHS Defenders Snare 5

The Review Sports
MONDAY, SEPTEMBER 13, 1965 PAGE 20

## 6,373 Fans See Contest

By BOB DUFFY
Review Sports Editor

The East Liverpool Potters capitalized on three of five pass interceptions to turn what could have been a close contest into a 40-8 victory over Beaver Local Saturday night before 6,373 paid customers at Patterson Field.

The game was the opener for both schools and while the score may indicate a one-sided battle, it wasn't. Statistics point out that Beaver Local was even in that department, but the costly mistakes of interceptions and a fumble early in the first quarter turned the tide for Coach Bob McNea's Potters.

—:—

**EAST LIVERPOOL** was forced to make some hurried changes before game time Saturday since Chuck Winters, No. 1 quarterback, remained in City Hospital after suffering heat exhaustion on Friday.

This meant that McNea was forced to call on regular halfback Mike Goodballet, who turned in a fine job, to run the team from quarterback. Jim Gooding replaced Goodballet at halfback in the starting lineup.

"I felt Goodballet adjusted well to the situation," McNea said, but the Potter coach was not quite pleased with the overall performance turned in by his team as the Potters had some rough spots both offensively and defensively.

—:—

**McNEA** pointed out that the five interceptions made the big difference in the score. "Without the interceptions the game could have been much closer."

Coach Don Ross brought a fired up Beaver Local team to Patterson Field and the visitors gave the Potters a scare on the first play from scrimmage, and through most of the first half, for that matter.

While Ross pulled all stops and went to the air 23 times, McNea elected to stick almost strictly to a ground attack as the Potters tried only five passes.

The Beaverss pulled a "sleeper" play when fullback Larry Roberts lined up on the far sideline and was wide open as he took a first-down pass from Arnie McLaughlin and raced from the Beaver 32 to the Potter 25.

—:—

**THE BEAVERS** drove to East Liverpool's eight-yard line only to fumble. Roy Scott made the key recovery for the Potters.

East Liverpool turned around and marched 92 yards for its first touchdown of the season, with Nick Marchbanks sweeping the left side from the one to score as 5:06 remained in the first period.

The Beavers, not to be denied, bounced right back and two plays later McLaughlin hit Rich Shilling, Beaver Local's clever end, with a pass on a play that covered 58 yards and a touchdown. The TD came with 3:26 left in the opening period.

—:—

**WHEN THE** Potters failed to make a first down on the Beaver Local 41, the visitors began another drive which carried to the Potter 15.

At this stage the first of five interceptions started the Beavers' downfall.

Linebacker Bob Woods stopped the Beaver march when he grabbed a McLaughlin pass on the Potter 15 and returned it to the 28.

After an exchange of punts, the Potters quickly changed the complexion of the contest, turning two interceptions into touchdowns in the last five minutes of the first half.

—:—

**THE FIRST** came when Scott rushed in from his defensive end spot to block a pass by McLaughlin. The ball fell into the arms of tackle Len Walker, who romped 40 yards to the end zone to chalk up a rare touchdown for a lineman. Walker's TD gave the Potters the lead for good.

About one minute later, safety Dick Lamborn snarred a Beaver pass thrown by sophomore Dennis Klembara. Lamborn took the ball on the Beaver 29 and returned it to the 14.

After two plays, fullback Larry Long drove over from the one with 2:21 left in the half to put the Potters on top 18-6.

—:—

**THE SECOND** half opened with two quick exchanges of the ball on interceptions. Shilling grabbed a Goodballet pass, but the Potters got the ball right back when Emanuel Volino grabbed a McLaughlin toss on the very next play to set up East Liverpool's fourth TD.

Marchbanks tallied his second of the night from four yards out with 7:42 left in the third quarter.

Marchbanks' TD put the game out of reach for the Beavers as the Potters went on to score two more times in the third quarter.

Daryl Herring, a speedy junior, who reported for football only one week ago, rambled 26 yards on a reverse with good faking by Goodballet to score with 5:34 left in the period.

Two minutes later, Goodballet got in the scoring column by scooting 52 yards down the sideline with a punt return and the score shot up to 40-6.

—:—

**THE ONLY** other scoring in the game came when Beaver Local registered a safety as a bad snap from center sailed over the head of Mike Silliman and rolled into the end zone for a two-pointer early in the final period.

Outside of the score, the contest was close in the statistics department. The Beavers compiled 12 first downs to the Potters 11. East Liverpool had a net of 206 yards rushing to Beaver Local's 100.

Beaver Local had a big edge in passing, as the Potters tried only five and completed one. The visitors were air minded, with 23 attempted and nine completed for 171 yards.

McLaughlin did most of the passing and Shilling, a brilliant receiver, was on the catching end most of the evening.

—:—

**BEAVER** Local showed a much improved team over last season and Ross, the new head mentor, was quite pleased with the overall performance of his squad.

"I thought our backs did a

## Giants Win 10th Straight, Widen Lead To 2 Games

By MURRAY CHASS
Associated Press Sports Writer

The San Francisco Giants are twice as well off as they have been in nearly two seasons while the Los Angeles Dodgers are in twice as much trouble as they've been this season.

The Giants' advantage and the Dodgers' adversity evolved from the action on the fourth-to-last Sunday of the season. San Francisco swept Chicago 4-3 and 9-2 while Los Angeles dropped a 3-2 decision to Houston.

The double victory, extending their winning streak to 10, shot the Giants into a two-game lead in the National League and loosened up the unprecedented five-team pennant race.

Not since May 12, 1964, have the Giants enjoyed such a big margin. On days when they led the league both last season and this, they had no more than a one-game bulge.

The Dodgers, on the other hand, had not trailed the leader by more than one game on the handful of days they were not in first place this season.

The Giants' lead also is the greatest any team has had since Aug. 14. And it was just 12 days ago that the first five teams in the race were within 2½ games of each other.

Now, Cincinnati is in third, 2½ behind; Milwaukee is fourth, four games back, and Pittsburgh is fifth, 6½ out.

In other NL action Sunday, New York edged Milwaukee 1-0 in 10 innings while rain washed out Cincinnati at Pittsburgh and St. Louis at Philadelphia.

The Giants gained their longest winning streak of the year with the help of five Chicago errors. Miscues by Ernie Banks and Glenn Backert led to all four San Francisco runs in the opener.

Banks dropped a throw on Jesus Alou's grounder before Willie Mays singled across Dick Schofield, and Alou and Mays scored as Beckert threw wildly to first trying to complete a double play that would have ended the inning.

Mays hit a two-run homer in the nightcap, his 46th of the season and 499th of his career, but the blow came long after the Giants had built a 5-1 lead with the help of errors by Billy Williams, Byron Browne and Beckert. Browne also midjudged a bases-loaded line drive by Hal Lanier that went for a two-run double.

Warren Spahn scattered seven hits, including two home runs by John Boccabella, and gained his first complete game victory with San Francisco while bringing his over-all record to 7-16.

The Astros tied the Dodgers 2-2 in the eighth inning when Jim Wynn raced home from second on Lee Maye's infield single. They then won it in the ninth. Bob Lillis opened with a pinch-hit double off Ron Perranoski, was sacrificed to third and scored on Joe Morgan's fly to center field.

Dick Selma blanked Milwaukee on four hits and struck out 13 before New York scored in the 10th. Joe Christopher led off with a single, only the fourth hit off Bob Sadowski, was sacrificed to second and went to third on Ron Swoboda's ground out before Charlie Smith singled him across.

Center Twp. Falls In Opener

## Milanovich Records 100th In South Side's 13-0 Win

Fred Milanovich, reached a milestone in coaching, Saturday as South Side scored a 13-0 victory over visiting Center Township for the 100th victory of his coaching career.

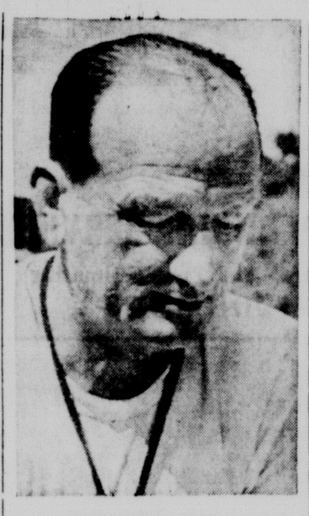

—:—

**THE RAMS** scored in the first and fourth periods and called on a stout defense to stop several threats by Center Twp. including one at the two-yard line in the second quarter.

Greg Person tallied South Side's first touch down on a five yard jaunt which concluded a 65 yard drive.

—:—

**THE RAMS** tallied again in the fourth period to insure the victory as end Dwight Hartzell took a 20 yard pass from Person and Tom Doak kicked the extra points for the 13-0 lead.

# Pass Interceptions Lead To Potters 40-8 Win In Opener

## ELHS Defenders Snare 5

## 6,373 Fans See Contest

By BOB DUFFY
Review Sports Editor

The East Liverpool Potters capitalized on three of five pass interceptions to turn what could have been a close contest into a 40-8 victory over Beaver Local Saturday night before 6,373 paid customers at Patterson Field.

The game was the opener for both schools and while the score may indicate a one-sided battle, it wasn't. Statistics point out that Beaver Local was even in that department, but the costly mistakes of interceptions and a fumble early in the first quarter turned the tide for Coach Bob McNea's Potters.

—:—

**EAST LIVERPOOL** was forced to make some hurried changes before game time Saturday since Chuck Winters, No. 1 quarterback, remained in City Hospital after suffering heat exhaustion on Friday.

This meant that McNea was forced to call on regular halfback Mike Goodballet, who turned in a fine job, to run the team from quarterback. Jim Gooding replaced Goodballet at halfback in the starting lineup.

"I felt Goodballet adjusted well to the situation," McNea said, but the Potter coach was not quite pleased with the overall performance turned in by his team as the Potters had some rough spots both offensively and defensively.

—:—

**McNEA** pointed out that the five interceptions made the big difference in the score. "Without the interceptions the game could have been much closer."

Coach Don Ross brought a fired up Beaver Local team to Patterson Field and the visitors gave the Potters a scare on the first play from scrimmage, and through most of the first half, for that matter.

While Ross pulled all stops and went to the air 23 times, McNea elected to stick almost strictly to a ground attack as the Potters tried only five passes.

The Beaverss pulled a "sleeper" play when fullback Larry Roberts lined up on the far sideline and was wide open as he took a first-down pass from Arnie McLaughlin and raced from the Beaver 32 to the Potter 25.

—:—

**THE BEAVERS** drove to East Liverpool's eight-yard line only to fumble. Roy Scott made the key recovery for the Potters.

East Liverpool turned around and marched 92 yards for its first touchdown of the season, with Nick Marchbanks sweeping the left side from the one to score as 5:06 remained in the first period.

The Beavers, not to be denied, bounced right back and two plays later McLaughlin hit Rich Shilling, Beaver Local's clever end, with a pass on a play that covered 58 yards and a touchdown. The TD came with 3:26 left in the opening period.

—:—

**WHEN THE** Potters failed to make a first down on the Beaver Local 41, the visitors began another drive which carried to the Potter 15.

At this stage the first of five interceptions started the Beavers' downfall.

Linebacker Bob Woods stopped the Beaver march when he grabbed a McLaughlin pass on the Potter 15 and returned it to the 28.

After an exchange of punts, the Potters quickly changed the complexion of the contest, turning two interceptions into touchdowns in the last five minutes of the first half.

—:—

**THE FIRST** came when Scott rushed in from his defensive end spot to block a pass by McLaughlin. The ball fell into the arms of tackle Len Walker, who romped 40 yards to the end zone to chalk up a rare touchdown for a lineman. Walker's TD gave the Potters the lead for good.

About one minute later, safety Dick Lamborn snarred a Beaver pass thrown by sophomore Dennis Klembara. Lamborn took the ball on the Beaver 29 and returned it to the 14.

After two plays, fullback Larry Long drove over from the one with 2:21 left in the half to put the Potters on top 18-6.

—:—

**THE SECOND** half opened with two quick exchanges of the ball on interceptions. Shilling grabbed a Goodballet pass, but the Potters got the ball right back when Emanuel Volino grabbed a McLaughlin toss on the very next play to set up East Liverpool's fourth TD.

Marchbanks tallied his second of the night from four yards out with 7:42 left in the third quarter.

Marchbanks' TD put the game out of reach for the Beavers as the Potters went on to score two more times in the third quarter.

Daryl Herring, a speedy junior, who reported for football only one week ago, rambled 26 yards on a reverse with good faking by Goodballet to score with 5:34 left in the period.

Two minutes later, Goodballet got in the scoring column by scooting 52 yards down the sideline with a punt return and the score shot up to 40-6.

—:—

**THE ONLY** other scoring in the game came when Beaver Local registered a safety as a bad snap from center sailed over the head of Mike Silliman and rolled into the end zone for a two-pointer early in the final period.

Outside of the score, the contest was close in the statistics department. The Beavers compiled 12 first downs to the Potters 11. East Liverpool had a net of 206 yards rushing to Beaver Local's 100.

Beaver Local had a big edge in passing, as the Potters tried only five and completed one. The visitors were air minded, with 23 attempted and nine completed for 171 yards.

McLaughlin did most of the passing and Shilling, a brilliant receiver, was on the catching end most of the evening.

—:—

**BEAVER** Local showed a much improved team over last season and Ross, the new head mentor, was quite pleased with the overall performance of his squad.

"I thought our backs did a

**HIT 'EM HIGH**, hit 'em low. That's what two unidentified East Liverpool defenders (white uniforms) are doing as one Potter grabs Beaver Local halfback Rick Dieringer (21) around the knees and another tackles around the waist Saturday night at Patterson Field.

**POTTER FULLBACK** Larry Long (40) drives through a hole on his way to East Liverpool's third touchdown in the second period. Long went over from the one yard line to give the Potters an 18-6 lead at the time. ELHS went on to win its opener, 40-8.

## Giants Win 10th Straight, Widen Lead To 2 Games

By MURRAY CHASS
Associated Press Sports Writer

The San Francisco Giants are twice as well off as they have been in nearly two seasons while the Los Angeles Dodgers are in twice as much trouble as they've been this season.

The Giants' advantage and the Dodgers' adversity evolved from the action on the fourth-to-last Sunday of the season. San Francisco swept Chicago 4-3 and 9-2 while Los Angeles dropped a 3-2 decision to Houston.

The double victory, extending their winning streak to 10, shot the Giants into a two-game lead in the National League and loosened up the unprecedented five-team pennant race.

Not since May 12, 1964, have the Giants enjoyed such a big margin. On days when they led the league both last season and this, they had no more than a one-game bulge.

The Dodgers, on the other hand, had not trailed the leader by more than one game on the handful of days they were not in first place this season.

The Giants' lead also is the greatest any team has had since Aug. 14. And it was just 12 days ago that the first five teams in the race were within 2½ games of each other.

Now, Cincinnati is in third, 2½ behind; Milwaukee is fourth, four games back, and Pittsburgh is fifth, 6½ out.

In other NL action Sunday, New York edged Milwaukee 1-0 in 10 innings while rain washed out Cincinnati at Pittsburgh and St. Louis at Philadelphia.

The Giants gained their longest winning streak of the year with the help of five Chicago errors. Miscues by Ernie Banks and Glenn Backert led to all four San Francisco runs in the opener.

Banks dropped a throw on Jesus Alou's grounder before Willie Mays singled across Dick Schofield, and Alou and Mays scored as Beckert threw wildly to first trying to complete a double play that would have ended the inning.

Mays hit a two-run homer in the nightcap, his 46th of the season and 499th of his career, but the blow came long after the Giants had built a 5-1 lead with the help of errors by Billy Williams, Byron Browne and Beckert. Browne also midjudged a bases-loaded line drive by Hal Lanier that went for a two-run double.

Warren Spahn scattered seven hits, including two home runs by John Boccabella, and gained his first complete game victory with San Francisco while bringing his over-all record to 7-16.

The Astros tied the Dodgers 2-2 in the eighth inning when Jim Wynn raced home from second on Lee Maye's infield single. They then won it in the ninth. Bob Lillis opened with a pinch-hit double off Ron Perranoski, was sacrificed to third and scored on Joe Morgan's fly to center field.

Dick Selma blanked Milwaukee on four hits and struck out 13 before New York scored in the 10th. Joe Christopher led off with a single, only the fourth hit off Bob Sadowski, was sacrificed to second and went to third on Ron Swoboda's ground out before Charlie Smith singled him across.

# *United Records 36-6 Win Over Leetonia In Opener*

HANOVERTON — United picked up where it left off last year and rang up a 36-6 victory over Leetonia in its 1965 opener here Saturday afternoon.

After a scoreless first half, the Golden Eagles exploded for three touchdowns in the second period and added two more in the second half.

Marty Briceland tallied the first TD of the new season for the winners on a three yard juant then went the same distance later in the second quarter.

Between Briceland's touchdowns, Dick Farmer scored on a pass play covering 20 yards with Jim Allen doing the pitching.

Fritz Ziegler scored twice in the second half by returning a punt 35 yards and racing over from 18 yards out for the other touchdown.

Leetonia did not score until the final period when Dave Conrad went over from one yard out.

United travels to Sebring Friday night, seeking its second victory over a Tri - County League mmeber.

### Wood Gets Last Word

# Namath Handles Telephone In 27-21 Loss To Houston

By MIKE RATHET
Associated Press Sports Writer

Dick Wood never got his chance to put down Joe Namath. But he certainly showed up Mike Taliaferro.

Taliaferro, who won the New York Jets' quarterback sweepstakes, was able to complete only four of 22 passes in a 27-21 loss at Houston Sunday as the American Football League completed its first week of regular season action.

At the same time, Wood, who was scratched from the Jets' sweepstakes when he was traded to Oakland, came off the bench in the second quarter, passed for two touchdowns and scored once himself while leading the Raiders to a convincing 37-10 victory over Kansas City.

The regular Jet quarterback last season, Wood was traded in July, and when he was asked whether he thought he could have beat out Namath, Taliaferro and John Huarte, for the signal-calling job, replied sharply:

"I didn't expect to win it, no. I expected to hold it."

Then he added:

"It would have been nice to put Namath down a little after all his glory."

Taliaferro, however, did that. But Wood may have had the last laugh at Oakland as he came on in the second quarter, immediately led the the Raiders to a touchdown and a field goal that overcame a 7-0 Kansas City lead and finished with 12 completions in 25 attempts for 196 yards.

The opening weekend of AFL play began Saturday night when the league champions Buffalo Bills defeated Boston 24-7 and the Western Division champion San Diego Chargers whipped Denver 34-31. The complete program attracted a record 143,863 fans.

Taliaferro, who played the entire game for the Jets while Namath handled the sideline telephone, gained only 49 yards on his four completions, with one going for a 23-yard touchdown pass to Don Maynard.

The Bills' powerful defensive unit got the job done before 45,502 fans with defensive back Charley Warner, at 170 pounds the lightest man on the field, intercepting a pass by Boston's Babe Parilli and racing 22 yards for a tie-breaking touchdown.

The Chargers clinched their victory against the rebuilt Broncos when Lance Alworth, who grabbed seven passes for 211 yards, latched onto a 38-yard touchdown toss from John Hadl for a 34-24 lead in the fourth quarter.

## *Otto Graham, 6 Others Gain Hall Of Fame*

CANTON, Ohio (AP) — A new generation of football heroes is taking its place alongside the great names of the past in the National Professional Football Hall of Fame.

Some of the seven new members inducted into the pro shrine Sunday at Fawcett Stadium are football names still well known to fans who, as youngsters, watched them play in their prime.

Otto Graham, 43, the former Cleveland Browns' outstanding quarterback, is head coach at the U.S. Coast Guard Academy and Steve Van Buren, the 44-year-old former Philadelphia Eagle power runner, is head coach of the Newark Bears in the Continental Football League.

Bob Waterfield, 45, quarterbacked the Los Angeles Rams to an NFL title in 1951 after going to California when the Cleveland Rams moved West. Later he was coach of the Rams.

Sid Luckman, 47, played on four NFL championship teams with the Chicago Bears and was active as a player until 1946. So was Dan Fortmann, 49, a guard for the Bears who is now an orthopedic surgeon.

The 14 - member national board of selectors reached back over the years of football history to pick Guy Chamberlain, 72, and Paddy Driscoll, 69. Chamberlain played with four pro football teams in the 1920s and Driscoll, a former player with the Chicago Cardinals and later on the coaching staff of the Chicago Bears. He's still active as director of research and personnel for the Bears.

## Waterford Park To Aid Horsemen Hit By Hurricane

In a telephone conversation between General Manager Harry R. Bell of Waterford Park and stall superintendent Pete Parsons of Jefferson Downs and Felix Loreno, secretary-treasurer of the Horsemen's Benevolent and Protective Association of the Louisiana Division, it was agreed that Waterford Park would aid the horsemen on the grounds at Jefferson Downs after hurricane Betsy leveled the racing plant at New Orleans Friday.

Bell stated, "we will hold stalls for three or four days for horsemen who have good stock and have been racing this year. The New Orleans officials felt that they could fill several vans with horses who will be ready to race at Waterford Park during our current fall meeting".

## Player Scores 3-Stroke Victory, Gains $50,000

By JOE MOOSHIL
Associated Press Sports Writer

AKRON, Ohio (AP) — Gary Player grabbed his $50,000 check for winning the World Series of Golf and then hustled off to a chartered jet for his South Africa home.

Player called his three-stroke victory Sunday over Masters champion Jack Nicklaus "the polish on the greatest year of my career" and then excused himself for having to rush off and make plane connections.

The South African tacked a snappy 35-34—69, one under par for Firestone's demanding 7,180-yard course, to an opening round 70 in capturing golf's biggest jackpot.

The U.S. Open champion, never behind from start to finish in the final round, put the issue beyond any doubt when he canned a 50-foot birdie putt on the 17th green, ruining Nicklaus' hopes of a final charge.

Actually, it was all over when Nicklaus, who birdied two of the first three holes on the final nine, took back-to-back bogeys on the 13th and 14th and fell three strokes off the lead.

Player's brilliant golf was like shooting clay pigeons. He forced Dave Marr out of contention on the second hole when he carded a birdie four while Marr was taking a bogey. Australian Peter Thomson became an also-ran when he took successive bogeys on 12th and 13th holes. Nicklaus was forced out of the picture with his second straight bogey, on 14.

Nicklaus shot a 36-35—71 for a 142 total and took down second money of $15,000. Thomson, British Open champion, had a 35-36—71 and 144 for third place and $7,500, while Marr, the PGA champion, had a disappointing 39-38—77 for 151 and fourth money of $5,000.

## Toledo Man Selected To Head Ohio's AAU

COLUMBUS, Ohio (AP) — Arthur G. Morse, Toledo, director of the Lucas County Recreation Center, was elected secretary of the Ohio Amateur Athletic Union Sunday in close balloting over Nick Barack, director of the Columbus Recreation Department.

Barack, who had held the post the past 15 years, was on the short end of a 48-45 vote at the group's annual meeting here.

"I will have to give credit to the running of Roberts, Rick Dieringer and Jeff Hall and I thought Jeff Lane, Shilling and Roberts played a fine defensive game."

—:—

"I WAS quite pleased when we were able to come back and tie the score after fumbling deep in East Liverpool territory the first time we had the ball," Ross added.

Marchbanks, the veteran halfback, was the Potters' top ground gainer with 89 yards in 14 carries. His longest runs went for 24 and 22 yards.

Long, running consistently from fullback for short gains, chalked up 40 yards in nine attempts.

Goodballet turned in the longest run from scrimmage for the Potters when he scrambled for 30 yards to set up the Potters' first touchdown, carrying to the Beaver eight.

The victory was the third opening win in a row over Beaver Local since 1962 when the Beavers pulled one of the district's biggest upsets with a 16-14 verdict.

## Rookie Homers On First Pitch

# Twins Magic Number Is 9; Grant Posts 19th Victory

By MIKE RATHET
Associated Press Sports Writer

The Minnesota Twins have taken another step toward their first American League pennant.

But for firsts how about Washington's Brant Alyea, who hit a pinch-hit homer on the first pitch to him in his first at-bat in the majors — and became the first American Leaguer ever to achieve that distinction.

The rare feat was accomplished by Alyea, a 24-year-old right-handed swinger up from Hawaii of the Pacific Coast League, when he tagged a pitch by Rudy May for a three-run homer in Washington's 7-1 victory over California Sunday.

Alyea had been announced as a pinch hitter in Saturday's game but never got to bat. Then, Sunday, Manager Gil Hodges sent him up to the plate in the sixth inning with two men on. May threw, Alyea swung — and the ball sailed into the Washington bullpen.

Alyea joined 34 other players who have hit homers in their first trip to the plate. Eight of those hit pinch-hit homers, but only Ed Morgan of the 1936 St. Louis Cardinals ever had done it on the first pitch.

The Twins, meanwhile, rode Jim Grant's four-hit pitching and 19th victory to a 2-0 victory over Boston that sliced their magic pennant-clinching number to nine. Any combination of Minnesota victories and Baltimore losses totaling nine will bring the Twins their first pennant.

The Orioles were rained out against Kansas City and the Chicago White Sox took over second place, nine games behind the Twins, by defeating the New York Yankees 4-1. Detroit and Cleveland also were rained out.

Grant, 19-5, got the only run he needed when Tony Oliva tripled in the first inning and scored on Bob Allison's single off Earl Wilson, who allowed only three hits in eight innings. The Twins scored again in the ninth off Dick Radatz when Oilo Versalles singled, stole second, worked a double steal with Oliva and scored on Don Mincher's sacrifice fly.

The White Sox scored in the first off Al Downing when Bill Skowron drew a bases-loaded walk. The Yankees tied it in the seventh on Tom Tresh's homer — the first hit off Tommy John — but the White Sox came back and won it in the eighth when Skowron drove in three runs with a bases-loaded double.

# U.S. Netters Fail Again As Trophies Go Overseas

By WILL GRIMSLEY
Associated Press Sports Writer

FOREST HILLS, N.Y. (AP) — America's two prized tennis trophies headed overseas again today, and U.S. fans turned the crank on an old, over-played record:

"When are we going to get some winning tennis players?"

The outlook is bleak — as it has been for the past few years.

When Manuel Santana, the colorful little Spaniard, beat Cliff Drysdale of South Africa for the men's singles title Sunday 6-2, 7-9, 7-5, 6-1, it marked the 10th straight year that a foreign competitor had won the U.S. crown.

The last American winner was Tony Trabert in 1955.

When Margaret Smith of Australia toppled Billie Jean Moffitt of Long Beach, Calif., for the women's title 8-6, 7-5, it was the fourth year that the United States had come away empty-handed.

"The trouble with the American boys is that they haven't learned to play the big point," observed Charles Hare, former British Davis Cupper. "They never seem to rise to the occasion. They play the last set with the same casualness they play the first."

This seemed true in the case of 22-year-old Arthur Ashe of Los Angeles and 21-year-old Charlie Pasarell of Puerto Rico.

These two youngsters emerged as the new hopes of American tennis when Pasarell upset Fred Stolle of Australia and Ashe won over Roy Emerson, rated the world's No. 1 amateur.

After beating Stolle, Pasarell lost to Rafael Osuna in the quarter-finals. Ashe bowed to Santana in the semifinals.

## Race Horses Trample Man To Death At Fair

RICHLAND CENTER, Wis. (AP) — Two racing horses threw their riders and charged into the crowd at the Richland County Fair Sunday, trampling to death one spectator.

It was the final race on the program at the close of the fair. Authorities identified the victim as Ren E. Cleveland, 64, Rice Lake, Wis., a harness racing stable owner whose own horses ran earlier in the afternoon.

## Poverty War Rapped

PAINESVILLE, Ohio (AP)— Two first-year congressmen assailed President Johnson's war on poverty program at the second annual Lake County Republican Ox Roast Sunday. An audience of about 8,000 heard Rep. Tim L. Carter of Kentucky and Rep. J. William Stanton of Painesville, along with John Andrews, who succeeded Ray C. Bliss as Ohio GOP chairman.

# *Buckpasser, Moccasin Eye 2-Year Title*

By The Associated Press

Buckpasser and Moccasin, a pair of strapping 2-year-olds, have all but officially wrapped up two of the American turf titles for 1965 and before nightfall today little Tom Rolfe can join them, as winner of the 3-year-old crown.

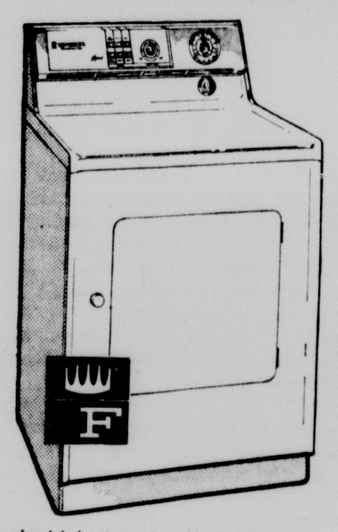

The official balloting won't take place for nearly three months. But when Ogden Phipps' Buckpasser won the $335,475 Arlington-Washington Futurity and A. B. Hancock's Moccasin galloped off with the $108,680 Matron at Aqueduct Saturday, they moved so far ahead of their 2-year-old rivals that it would take a decided reversal of form for them to lose the colt and filly titles respectively.

Tom Rolfe, most consistent of the 3-year-olds with victories in the Preakness, Chesapeake, Citation, Arlington Classic and Chicagoan to support his title claim, goes in the $100,000-added American Derby at Arlington Park today. He is expected to be the odds-on-favorite to pack topweight of 126 pounds to victory over Royal Gunner, Reverse, Sam Up, Mr. Pak and Naturalist.

## Rookie Homers On First Pitch

# Twins Magic Number Is 9; Grant Posts 19th Victory

By MIKE RATHET
Associated Press Sports Writer

The Minnesota Twins have taken another step toward their first American League pennant.

But for firsts how about Washington's Brant Alyea, who hit a pinch-hit homer on the first pitch to him in his first at-bat in the majors — and became the first American Leaguer ever to achieve that distinction.

The rare feat was accomplished by Alyea, a 24-year-old right-handed swinger up from Hawaii of the Pacific Coast League, when he tagged a pitch by Rudy May for a three-run homer in Washington's 7-1 victory over California Sunday.

Alyea had been announced as a pinch hitter in Saturday's game but never got to bat. Then, Sunday, Manager Gil Hodges sent him up to the plate in the sixth inning with two men on. May threw, Alyea swung — and the ball sailed into the Washington bullpen.

Alyea joined 34 other players who have hit homers in their first trip to the plate. Eight of those hit pinch-hit homers, but only Ed Morgan of the 1936 St. Louis Cardinals ever had done it on the first pitch.

The Twins, meanwhile, rode Jim Grant's four-hit pitching and 19th victory to a 2-0 victory over Boston that sliced their magic pennant-clinching number to nine. Any combination of Minnesota victories and Baltimore losses totaling nine will bring the Twins their first pennant.

The Orioles were rained out against Kansas City and the Chicago White Sox took over second place, nine games behind the Twins, by defeating the New York Yankees 4-1. Detroit and Cleveland also were rained out.

Grant, 19-5, got the only run he needed when Tony Oliva tripled in the first inning and scored on Bob Allison's single off Earl Wilson, who allowed only three hits in eight innings. The Twins scored again in the ninth off Dick Radatz when oilo Versalles singled, stole second, worked a double steal with Oliva and scored on Don Mincher's sacrifice fly.

The White Sox scored in the first off Al Downing when Bill Skowron drew a bases-loaded walk. The Yankees tied it in the seventh on Tom Tresh's homer — the first hit off Tommy John — but the White Sox came back and won it in the eighth when Skowron drove in three runs with a bases-loaded double.

# U.S. Netters Fail Again As Trophies Go Overseas

By WILL GRIMSLEY
Associated Press Sports Writer

FOREST HILLS, N.Y. (AP) — America's two prized tennis trophies headed overseas again today, and U.S. fans turned the crank on an old, over-played record:

"When are we going to get some winning tennis players?"

The outlook is bleak — as it has been for the past few years.

When Manuel Santana, the colorful little Spaniard, beat Cliff Drysdale of South Africa for the men's singles title Sunday 6-2, 7-9, 7-5, 6-1, it marked the 10th straight year that a foreign competitor had won the U.S. crown.

The last American winner was Tony Trabert in 1955.

When Margaret Smith of Australia toppled Billie Jean Moffitt of Long Beach, Calif., for the women's title 8-6, 7-5, it was the fourth year that the United States had come away empty-handed.

"The trouble with the American boys is that they haven't learned to play the big point," observed Charles Hare, former British Davis Cupper. "They never seem to rise to the occasion. They play the last set with the same casualness they play the first."

This seemed true in the case of 22-year-old Arthur Ashe of Los Angeles and 21-year-old Charlie Pasarell of Puerto Rico.

These two youngsters emerged as the new hopes of American tennis when Pasarell upset Fred Stolle of Australia and Ashe won over Roy Emerson, rated the world's No. 1 amateur.

After beating Stolle, Pasarell lost to Rafael Osuna in the quarter-finals. Ashe bowed to Santana in the semifinals.

## Race Horses Trample Man To Death At Fair

RICHLAND CENTER, Wis. (AP) — Two racing horses threw their riders and charged into the crowd at the Richland County Fair Sunday, trampling to death one spectator.

It was the final race on the program at the close of the fair. Authorities identified the victim as Ren E. Cleveland, 64, Rice Lake, Wis., a harness racing stable owner whose own horses ran earlier in the afternoon.

## Poverty War Rapped

PAINESVILLE, Ohio (AP)— Two first-year congressmen assailed President Johnson's war on poverty program at the second annual Lake County Republican Ox Roast Sunday. An audience of about 8,000 heard Rep. Tim L. Carter of Kentucky and Rep. J. William Stanton of Painesville, along with John Andrews, who succeeded Ray C. Bliss as Ohio GOP chairman.

# *Buckpasser, Moccasin Eye 2-Year Title*

By The Associated Press

Buckpasser and Moccasin, a pair of strapping 2-year-olds, have all but officially wrapped up two of the American turf titles for 1965 and before nightfall today little Tom Rolfe can join them, as winner of the 3-year-old crown.

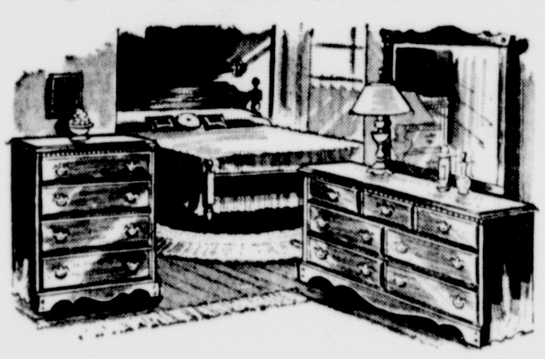

The official balloting won't take place for nearly three months. But when Ogden Phipps' Buckpasser won the $335,475 Arlington-Washington Futurity and A. P. Hancock's Moccasin galloped off with the $108,680 Matron at Aqueduct Saturday, they moved so far ahead of their 2-year-old rivals that it would take a decided reversal of form for them to lose the colt and filly titles respectively.

Tom Rolfe, most consistent of the 3-year-olds with victories in the Preakness, Chesapeake, Citation, Arlington Classic and Chicagoan to support his title claim, goes in the $100,000-added American Derby at Arlington Park today. He is expected to be the odds-on-favorite to pack topweight of 126 pounds to victory over Royal Gunner, Reverse, Sam Up, Mr. Pak and Naturalist.

## Patrol Appoints Academy Head

COLUMBUS, Ohio (AP)—Lt. Wendell B. Lohr, who has been in charge of the Ohio Highway Patrol's Turnpike District at Berea, was named Sunday as head of the patrol academy here.

With the post goes a promotion to Captain. Patrol Supt. Anson B. Cook, in making the announcement, said that Lohr will continue in command when the new academy opens here soon.

Lohr, a native of Massillon, has been living in Middleburgh Heights. First Sergeant Mervin L. Stansbery of the Lorain post and a native of Upper Sandusky was promoted to lieutenant and named to replace Lohr as head of the Turnpike District.

## South Viet Nam Faces Tribe Uprising Threat

SAIGON, South Viet Nam (AP) — U.S. officials were reported concerned today over the threat of a possible new uprising by rebel tribesmen in South Viet Nam's central highlands.

Informed sources said a renewed effort by the Vietnamese government to crack down on a militant Montagnard movement has created tenseness in the mountain capital of Ban Me Thuot, 160 miles north of Saigon.

The movement is believed spearheaded mostly by Rhade tribesmen who are seeking to establish an autonomous nation within South Viet Nam.

## Lumber Yard Leveled By Blaze At Cleveland

CLEVELAND (AP)—A five-alarm fire which broke out late Sunday night destroyed a two-block-long lumber yard, with estimates of the loss ranging from $200,000 to $500,000.

Flames at the Almas Lumber Co. shot 200 feet in the air, casting a glow that was visible from downtown Cleveland, several miles away.

The Fire Department estimated the damage at $200,000. The owner, Carl J. Almas, placed the loss at $400,000 to $500,000.

No one was injured in fighting the fire. Cause was not determined.

## Warden Ends Career

WASHINGTON (AP) — The Justice Department has announced the retirement of Joseph Kearney as warden of the federal prison at Atlanta.

## LEGAL NOTICES

**ORDINANCE NO. 6**

AN ORDINANCE OF THE BOROUGH OF GEORGETOWN REGULATING THE CONSTRUCTION, RECONSTRUCTION, ENLARGEMENT, ALTERATION OR REMOVAL OF STRUCTURES, PROVIDING FOR THE ISSUANCE OF A PERMIT THEREFOR, AND IN RESPECT THEREOF, AND PRESCRIBING PENALTIES FOR THE VIOLATION OF THIS ORDINANCE.

The Borough of Georgetown, Beaver County, Pennsylvania, hereby ordains as follows:

SECTION 1. This ordinance shall be known and may be cited as "The Building Permit Ordinance of the Borough of Georgetown."

SECTION 2. From and after the passage of this ordinance, it shall be unlawful for any person, firm or corporation, to commence the erection, enlargement, alteration or removal of any structure, or portion thereof, if the estimated cost of such work is in excess of One Hundred Dollars ($100.00) without first having obtained a permit therefor as hereinafter provided.

SECTION 3. All applications for permits to erect, enlarge, alter or remove any structure, or portion thereof, shall be made upon forms to be furnished by the Borough of Georgetown and shall set forth the name and address of the applicant, and the tax parcel number and lot number of the premises upon which erection, enlargement, alteration or removal is proposed. Such application shall state that the estimated cost of the work proposed exceeds One Hundred Dollars ($100.00). Such application shall be accompanied by plans and specifications setting forth the character and extent of the work to be performed thereunder, and, further, showing the location of the structure upon its premises. All applications, together with the plans and specifications attached thereto, shall be filed with the Zoning Officer of the Borough of Georgetown records and shall be approved or disapproved by him within twenty-one (21) days after such filing. Upon approval of the application, a permit shall be issued.

SECTION 4. Any permit issued hereunder shall be rendered null and void if work in compliance therewith shall not have been commenced within ninety (90) days after the issuance of such permit. In such event the permit holder shall be required to make application for another permit before commencement of his undertaking, as if no previous permit had been issued.

SECTION 5. No deviation shall be made from the plans and specifications submitted upon application and approved unless the proposed deviation shall be submitted to the Zoning Officer of the Borough of Georgetown for approval in accordance with Section 3 hereof and a permit issued therefor.

SECTION 6. The application fee for a permit to erect, enlarge or remove a structure, including but not limited to a garage, shall be the sum of Two Dollars ($2.00) except that the sum of Twenty-five Dollars ($25.00) shall be paid for the erection or construction of a new dwelling house or commercial building. The application fee for a permit upon a deviation in plans and specifications previously submitted and approved shall be the sum of One Dollar ($1.00). All such fees shall be payable to the Borough Treasurer for the use of the Borough of Georgetown and shall be remitted by the applicant at the time the application is made. No such fee shall be returned to the applicant in the event of the withdrawal of an application or its disapproval.

SECTION 7. The Zoning Officer of the Borough of Georgetown shall provide a suitable book for the purpose of keeping a record of all permits issued.

SECTION 8. Upon completion of the work, construction, reconstruction, enlargement, alteration or removal of any structure, or portion thereof, under a permit granted as aforesaid, the holder of such permit shall report such completion to the Zoning Officer of the Borough of Georgetown, who shall cause the date of completion of such work to be noted upon the original application.

SECTION 9. Any structure or portion thereof hereafter erected, enlarged or altered in violation of this ordinance shall be removed by the owner thereof within ninety (90) days after written notice from the Township Council of the Borough of Georgetown so to do. If such owner shall fail to remove such structure or portion thereof within ninety (90) days after such notice, the Town Council of the Borough of Georgetown shall cause such work to be performed, imposing upon such owner the actual cost of same, plus twenty per centum (20%), which said costs shall be collectible by the Borough of Georgetown in the manner provided by law for the collection of municipal claims.

SECTION 10. Any person, firm or corporation who shall violate or assist in the violation of this ordinance shall, upon conviction thereof, be sentenced to pay a fine of not less than Ten Dollars ($10.00) and not more than One Hundred Dollars ($100.00), and costs of prosecution, and in default of payment of such fine and costs, to imprisonment for not more than thirty (30) days.

ENACTED AND ORDAINED into an ordinance this 7 day of September, 1965.

Think About The Real Value of Saving

THE USUAL FIRST THOUGHT is that it is the thing to do. And thats true enough. But the practical values go deeper than the "thrift for thrift's sake" approach.
Funds built by regular savings at FIRST FEDERAL give independence of action and choice. Goals, long or short term, are attained more easily. Cash on hand can buy a luxury or a bargain. In the twilight of retirement, savings augment income from pensions, insurance and social security.
By now you have thought of many other reasons for saving. So take the first step today. Open an account here at FIRST FEDERAL where savings earn liberal returns, are safe, and handy when you want them.

## Patrol Appoints Academy Head

COLUMBUS, Ohio (AP)—Lt. Wendell B. Lohr, who has been in charge of the Ohio Highway Patrol's Turnpike District at Berea, was named Sunday as head of the patrol academy here.

With the post goes a promotion to Captain. Patrol Supt. Anson B. Cook, in making the announcement, said that Lohr will continue in command when the new academy opens here soon.

Lohr, a native of Massillon, has been living in Middleburgh Heights. First Sergeant Mervin L. Stansbery of the Lorain post and a native of Upper Sandusky was promoted to lieutenant and named to replace Lohr as head of the Turnpike District.

## South Viet Nam Faces Tribe Uprising Threat

SAIGON, South Viet Nam (AP) — U.S. officials were reported concerned today over the threat of a possible new uprising by rebel tribesmen in South Viet Nam's central highlands.

Informed sources said a renewed effort by the Vietnamese government to crack down on a militant Montagnard movement has created tenseness in the mountain capital of Ban Me Thuot, 160 miles north of Saigon.

The movement is believed spearheaded mostly by Rhade tribesmen who are seeking to establish an autonomous nation within South Viet Nam.

## Lumber Yard Leveled By Blaze At Cleveland

CLEVELAND (AP)—A five-alarm fire which broke out late Sunday night destroyed a two-block-long lumber yard, with estimates of the loss ranging from $200,000 to $500,000.

Flames at the Almas Lumber Co. shot 200 feet in the air, casting a glow that was visible from downtown Cleveland, several miles away.

The Fire Department estimated the damage at $200,000. The owner, Carl J. Almas, placed the loss at $400,000 to $500,000.

No one was injured in fighting the fire. Cause was not determined.

## Warden Ends Career

WASHINGTON (AP) — The Justice Department has announced the retirement of Joseph Kearney as warden of the federal prison at Atlanta.

## LEGAL NOTICES

**ORDINANCE NO. 6**

AN ORDINANCE OF THE BOROUGH OF GEORGETOWN REGULATING THE CONSTRUCTION, RECONSTRUCTION, ENLARGEMENT, ALTERATION OR REMOVAL OF STRUCTURES, PROVIDING FOR THE ISSUANCE OF A PERMIT THEREFOR, AND IN RESPECT THEREOF, AND PRESCRIBING PENALTIES FOR THE VIOLATION OF THIS ORDINANCE.

The Borough of Georgetown, Beaver County, Pennsylvania, hereby ordains as follows:

SECTION 1. This ordinance shall be known and may be cited as "The Building Permit Ordinance of the Borough of Georgetown."

SECTION 2. From and after the passage of this ordinance, it shall be unlawful for any person, firm or corporation, to commence the erection, enlargement, alteration or removal of any structure, or portion thereof, if the estimated cost of such work is in excess of One Hundred Dollars ($100.00) without first having obtained a permit therefor as hereinafter provided.

SECTION 3. All applications for permits to erect, enlarge, alter or remove any structure, or portion thereof, shall be made upon forms to be furnished by the Borough of Georgetown and shall set forth the name and address of the applicant, and the tax parcel number and lot number of the premises upon which erection, enlargement, alteration or removal is proposed. Such application shall state that the estimated cost of the work proposed exceeds One Hundred Dollars ($100.00). Such application shall be accompanied by plans and specifications setting forth the character and extent of the work to be performed thereunder, and, further, showing the location of the structure upon its premises. All applications, together with the plans and specifications attached thereto, shall be filed with the Zoning Officer of the Borough of Georgetown records and shall be approved or disapproved by him within twenty-one (21) days after such filing. Upon approval of the application, a permit shall be issued.

SECTION 4. Any permit issued hereunder shall be rendered null and void if work in compliance therewith shall not have been commenced within ninety (90) days after the issuance of such permit. In such event the permit holder shall be required to make application for another permit before commencement of his undertaking, as if no previous permit had been issued.

SECTION 5. No deviation shall be made from the plans and specifications submitted upon application and approved unless the proposed deviation shall be submitted to the Zoning Officer of the Borough of Georgetown for approval in accordance with Section 3 hereof and a permit issued therefor.

SECTION 6. The application fee for a permit to erect, enlarge or remove a structure, including but not limited to a garage, shall be the sum of Two Dollars ($2.00) except that the sum of Twenty-five Dollars ($25.00) shall be paid for the erection or construction of a new dwelling house or commercial building. The application fee for a permit upon a deviation in plans and specifications previously submitted and approved shall be the sum of One Dollar ($1.00). All such fees shall be payable to the Borough Treasurer for the use of the Borough of Georgetown and shall be remitted by the applicant at the time the application is made. No such fee shall be returned to the applicant in the event of the withdrawal of an application or its disapproval.

SECTION 7. The Zoning Officer of the Borough of Georgetown shall provide a suitable book for the purpose of keeping a record of all permits issued.

SECTION 8. Upon completion of the work, construction, reconstruction, enlargement, alteration or removal of any structure, or portion thereof, under a permit granted as aforesaid, the holder of such permit shall report such completion to the Zoning Officer of the Borough of Georgetown, who shall cause the date of completion of such work to be noted upon the original application.

SECTION 9. Any structure or portion thereof hereafter erected, enlarged or altered in violation of this ordinance shall be removed by the owner thereof within ninety (90) days after written notice from the Township Council of the Borough of Georgetown so to do. If such owner shall fail to remove such structure or portion thereof within ninety (90) days after such notice, the Town Council of the Borough of Georgetown shall cause such work to be performed, imposing upon such owner the actual cost of same, plus twenty per centum (20%), which said costs shall be collectible by the Borough of Georgetown in the manner provided by law for the collection of municipal claims.

SECTION 10. Any person, firm or corporation who shall violate or assist in the violation of this ordinance shall, upon conviction thereof, be sentenced to pay a fine of not less than Ten Dollars ($10.00) and not more than One Hundred Dollars ($100.00), and costs of prosecution, and in default of payment of such fine and costs, to imprisonment for not more than thirty (30) days.

ENACTED AND ORDAINED into an ordinance this 7 day of September, 1965.

Think About The Real Value of Saving

THE USUAL FIRST THOUGHT is that it is the thing to do. And thats true enough. But the practical values go deeper than the "thrift for thrift's sake" approach.
Funds built by regular savings at FIRST FEDERAL give independence of action and choice. Goals, long or short term, are attained more easily. Cash on hand can buy a luxury or a bargain. In the twilight of retirement, savings augment income from pensions, insurance and social security.
By now you have thought of many other reasons for saving. So take the first step today. Open an account here at FIRST FEDERAL where savings earn liberal returns, are safe, and handy when you want them.

## Junior Editors Quiz on COMPUTERS

*QUESTION: How does a computer work?*

★ ★ ★

**ANSWER:** Digital computers are the ones we generally think of as computers. To understand how they work, think of the problem, 5 minus 3. Hold up your hand with its 5 fingers (upper left), then turn down 3 and you can get the solution by counting the fingers still upright. In the same way, digital computers solve arithmetic problems by counting the digits left. However, the computers do this electronically, at amazing speed, using the binary system of numbers composed only of zeros and 1's. In such a computer are great numbers of electronic circuits. These are either off (open) or on (closed). When off, they may represent zero, when on, 1. Each circuit, called a flip flop, closes or opens according to instructions fed to it on a magnetized tape. By flipping and flopping, the problem is set up in binary numbers and the solution given in a flash. An enoromous amount of information can be stored in a million or more magnetized rings. A 10 millionth of a second is enough to gather information from one of these. Problems are fed into a computer in one place, the input, and the solution is delivered in another, the output, in the form of perforated or magnetic tape or printed cards.

★ ★ ★

**FOR YOU TO DO:** Your clock is an "analogue" computer, another type. The hands tell time, but have not counted digits to do it. "Analogous" means similar, and the unwinding of the clock's spring is similar to the passing of time. We use several other analogue computers in our daily lives—can you think of some?"

## How Can I?

ANNE ASHLEY

**Q. — How can I insure my cooked cauliflower's arriving at the table looking whiter?**

A. — By adding a piece of lemon during its cooking process. And cook the cauliflower only until tender. Overcooking tends to discolor it.

**Q. — How can I avoid that grayish look that some dark dresses take on after laundering?**

A. — By adding a large amount of bluing to your final rinse.

**Q. — How can I clean ivory objects?**

A. — If they're all in one piece, they can be safely cleaned with soap and water. If several pieces are glued together, though, better take a piece of raw lemon, dip it in salt, and rub the surfaces with this. Let the juice dry on the ivory before wiping off with a damp cloth.

**Q. — How can an amateur wood carver harden the wood that has been cut out and sculptured in the desired shape?**

A. — By boiling the pieces in pure olive oil for eight to 10 minutes.

**Q. — How can I whiten discolored handkerchiefs?**

A. — By immersing them in cold water to which you've added a pinch of cream of tartar.

## IT'S HERE! IT'S NOW! THE MOST DRAMATIC CUT IN THE HIGH COST OF EATING SINCE "THE BIG CHANGE"

Prices Effective Through Sat., Sept. 18th

...THIS WEEK—FOODLAND'S "BIG CHANGE" PRICES

## COME TO QUALITY MEATS!!

FOODLAND

**Route 170** **Calcutta**

It was just a year ago that Foodland launched "The Big Change in Pricing that Means more Change for You." It was a giant step: across the board price cuts on 4000 national brand grocery products in one bold sweep! Among other things, it meant dropping a few frills . . . games, gimmicks, trading stamps, and all the other costly giveaways you're sometimes told are free! But we believed that you — the customer — would rather see your money go for better foods at honest prices than for frills. And we were right!

From the start, our new low-price policy was a huge success. At least one hundred thousand of you tri-state shoppers took The Big Change to your hearts, and pocketbooks, and banks!

Best way we know to show you that we're grateful is to keep on giving you the best for less. That's why we remained unmoved not long ago when meat prices all around us began to soar. In fact, it was a careful study of what caused the spiral that brought about this firm decision: Foodland would NOT raise meat prices. Instead we'd go full speed ahead with our earlier intention: to substantially reduce consumer prices on our U. S. Choice-Tenderbest meats — WITHOUT REDUCING QUALITY ONE WHIT!

### HERE'S WHAT FOODLAND TENDERBEST 4 STAR QUALITY MEANS TO YOU:

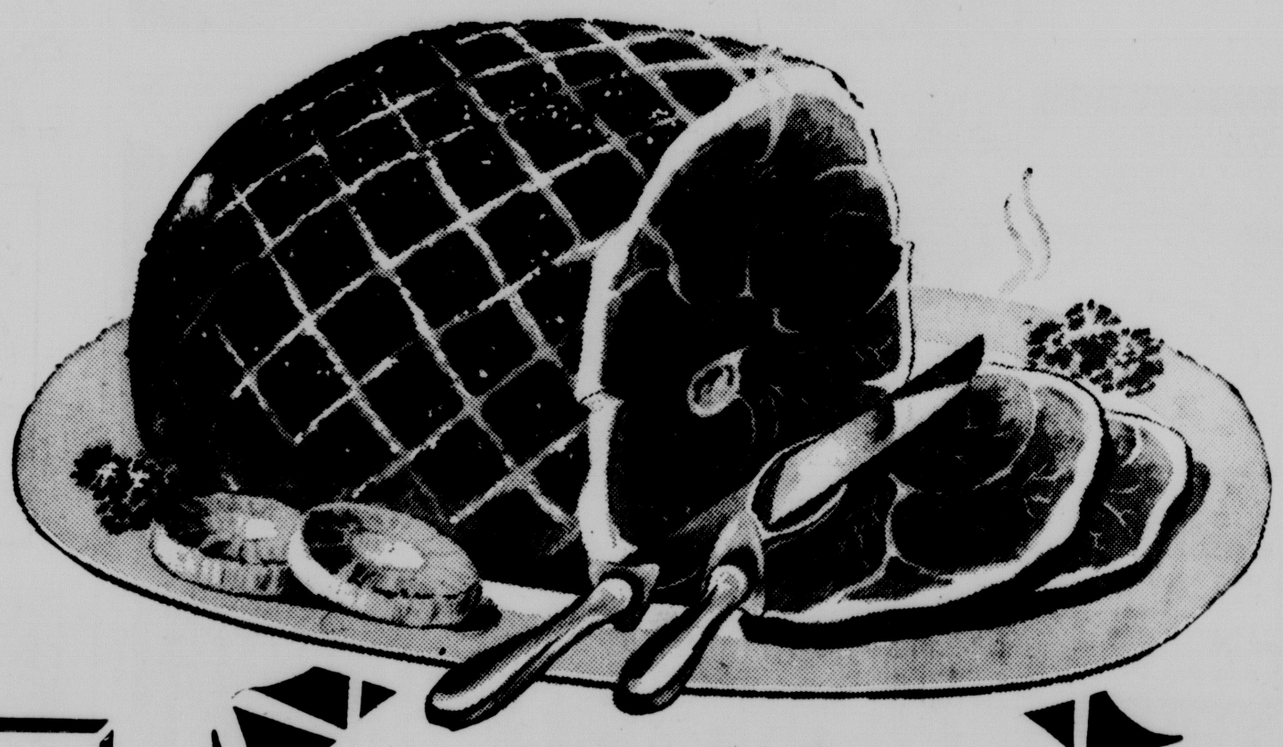

★ TOP CUTS—only the coveted USDA Choice-Tenderbest cuts from Western grain-fed steers are good enough for Foodland — and good enough for you!

★ TRIPLE INSPECTED — specially chosen for tenderness, taste, texture, marbling, color — by U.S. Government Inspectors, Tenderbest Selectors and Foodland's own Meat Men.

★ TRIMMED FOR YOUR TABLE — excess fat and bone removed, each Tenderbest Choice cut weighed, wrapped and labeled for your selection.

★ TOTALLY GUARANTEED — here's the clincher. You must be 100% satisfied with the flavor and tenderness of each USDA Choice-Tenderbest cut or your money back!

**TENDERBEST MEANS THE BEST . . . OR WE REFUND YOUR MONEY!**
